Maha (cham) 12A  
dieter, English with  
you did this year, but  
a lot. you must see your  
touch on the summer  
in the years to come. and I'll see you  
Do well and work hard. I'm sure I'll  
miss you & your dist. it  
(818) 347-8824 Always friends  
Rob Risk

HAW-HAW,

WELL, LET'S PUT IT THIS WAY:  
YOU'VE BEEN UP... WELL,  
INTERESTING TO KNOW. I'D  
WRITE MORE, BUT I'LL SEE  
YOU AT HYLIES!

Neil Lygal  
Gol. 6:9

Maha,

Congratulations

Hugs & kisses

and Best of luck -

in the years to come.

Do well and work

hard. I'm sure I'll

miss you & your dist. it

(818) 347-8824 Always friends

Rob Risk

Maha, I'm so glad  
that we're again I  
closer miss ya so  
gonna miss ya so  
much! Now we  
have to go out on  
our own. I love you!!  
Take care,

Val (716-7274)

Not Maha Albany,

to beon great getting to

know you. Now a nod

click. Have a radically

different life for anybody

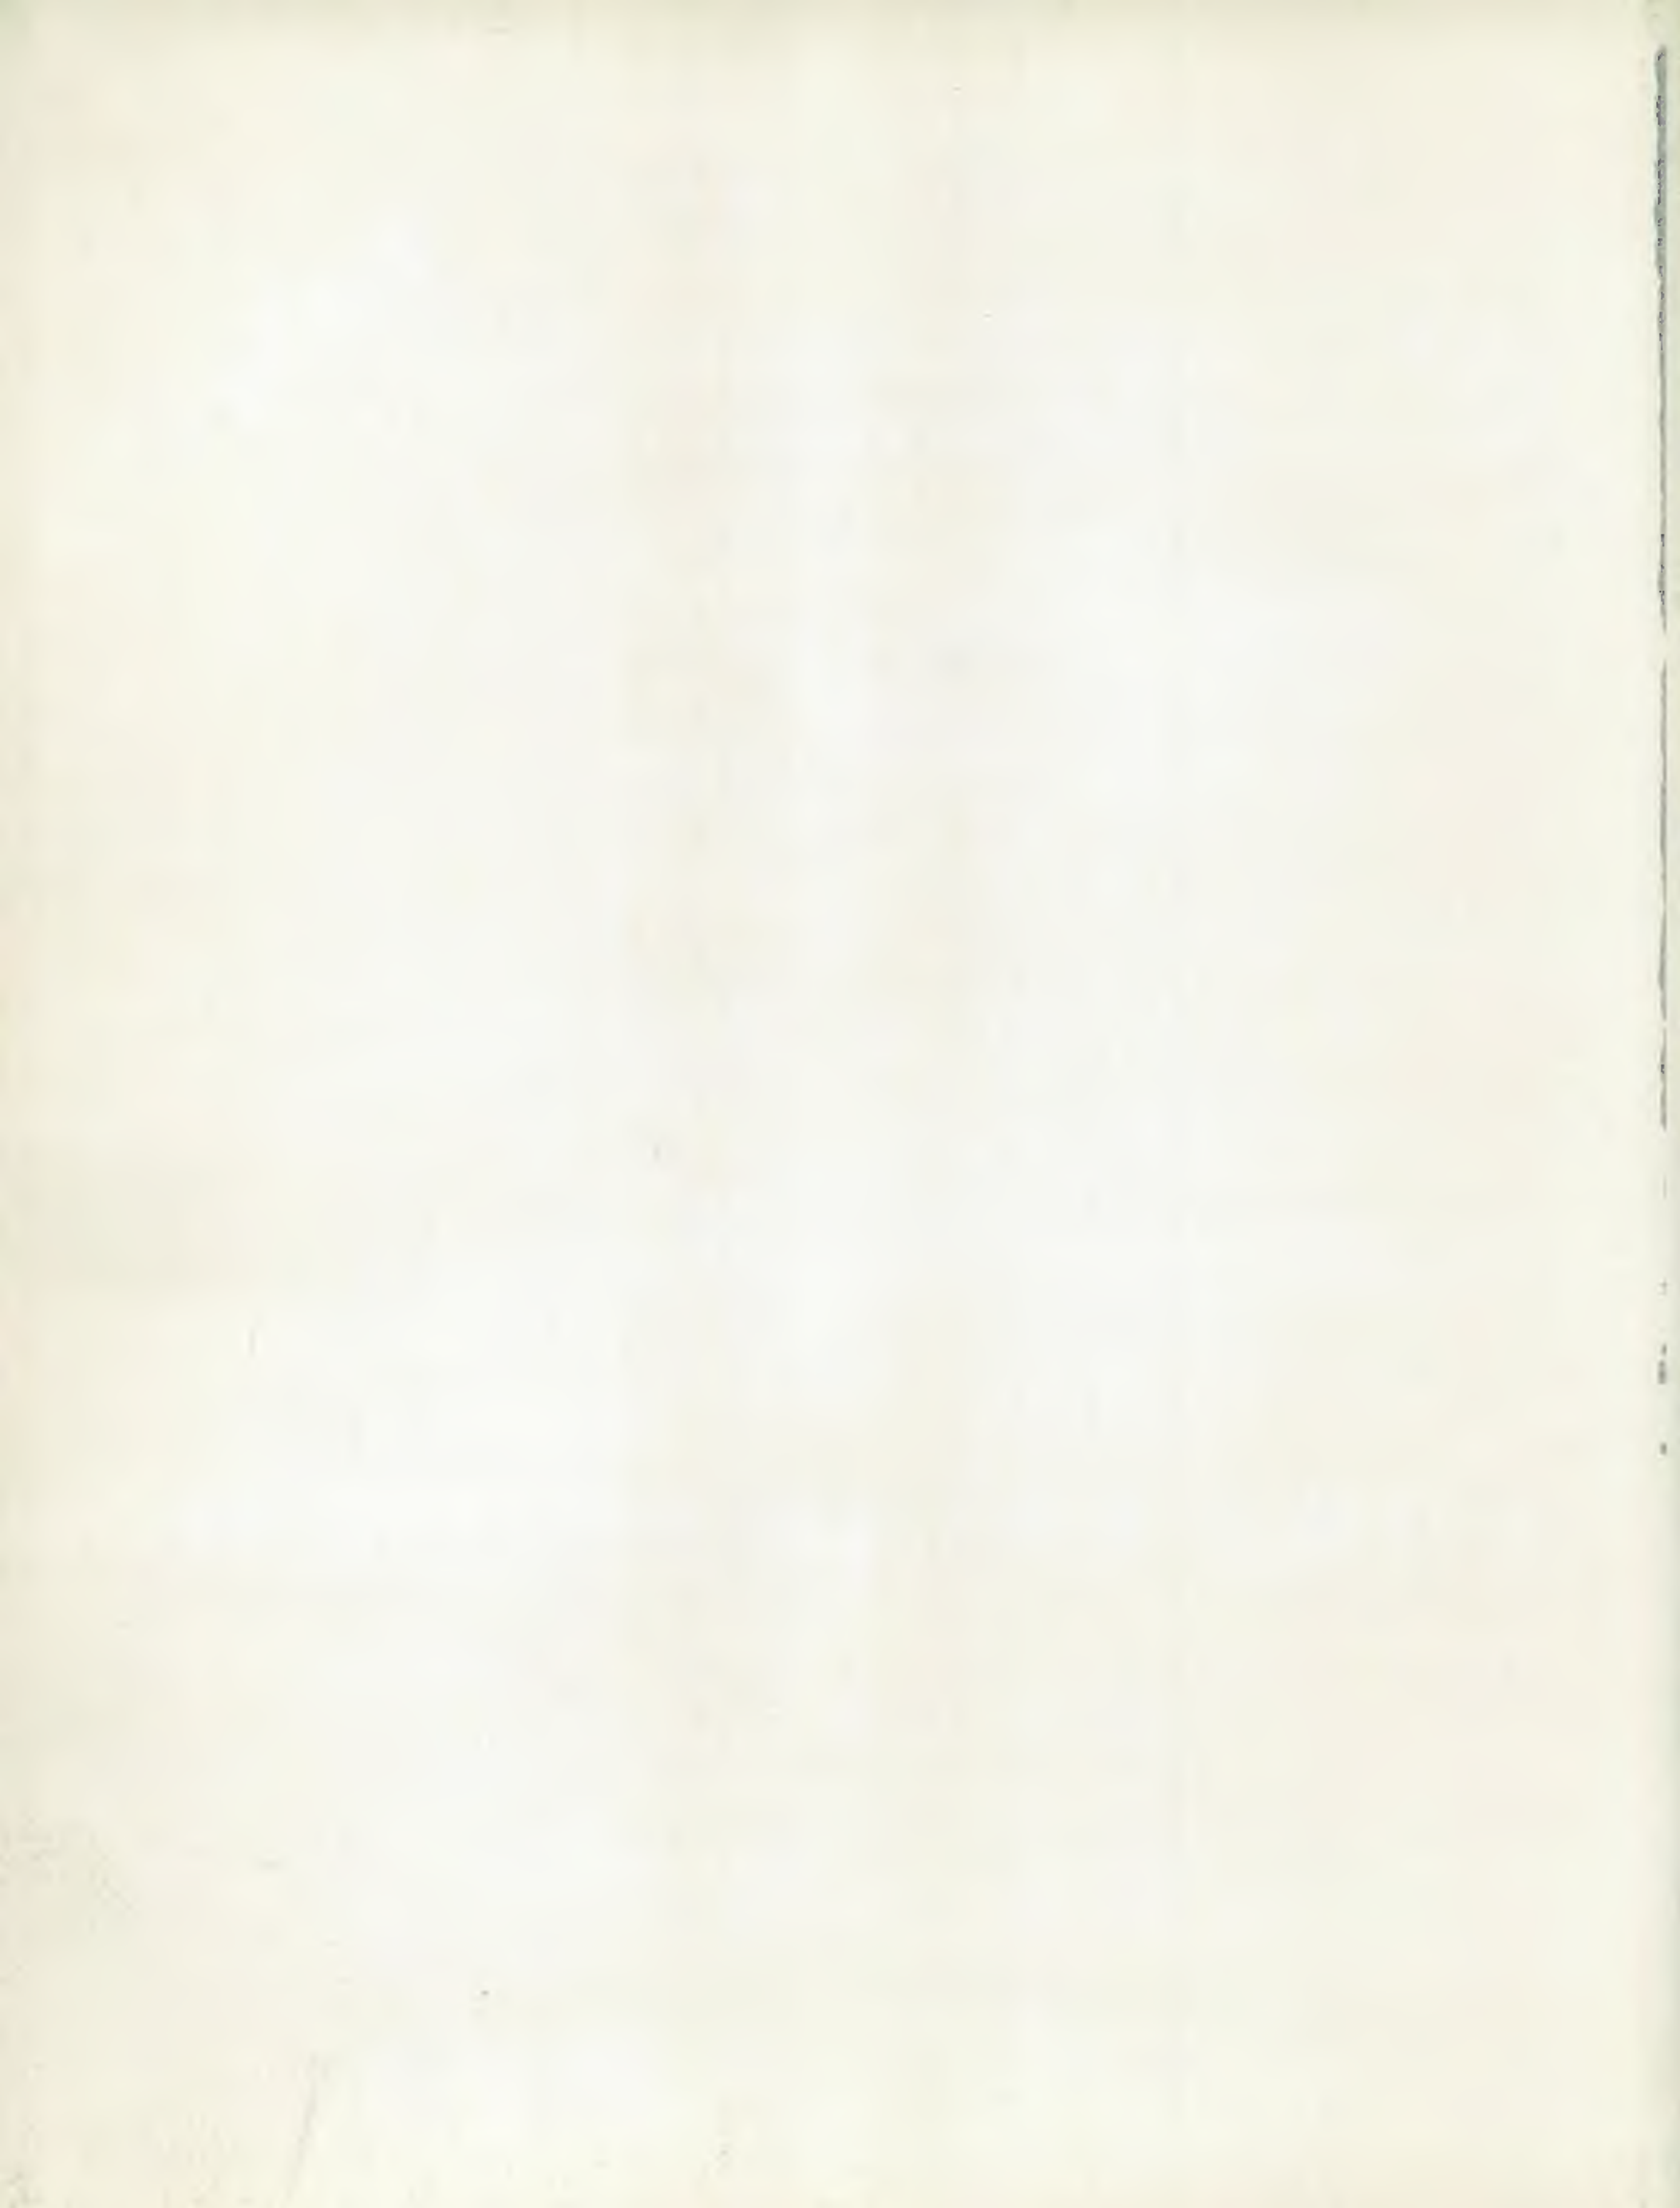

who in the world. Keep it

first.

David

# **THE BEST OF THINGS**

## **1987 CONTENDER**

Faith Baptist Schools  
7644 Farralone Avenue  
Canoga Park, California

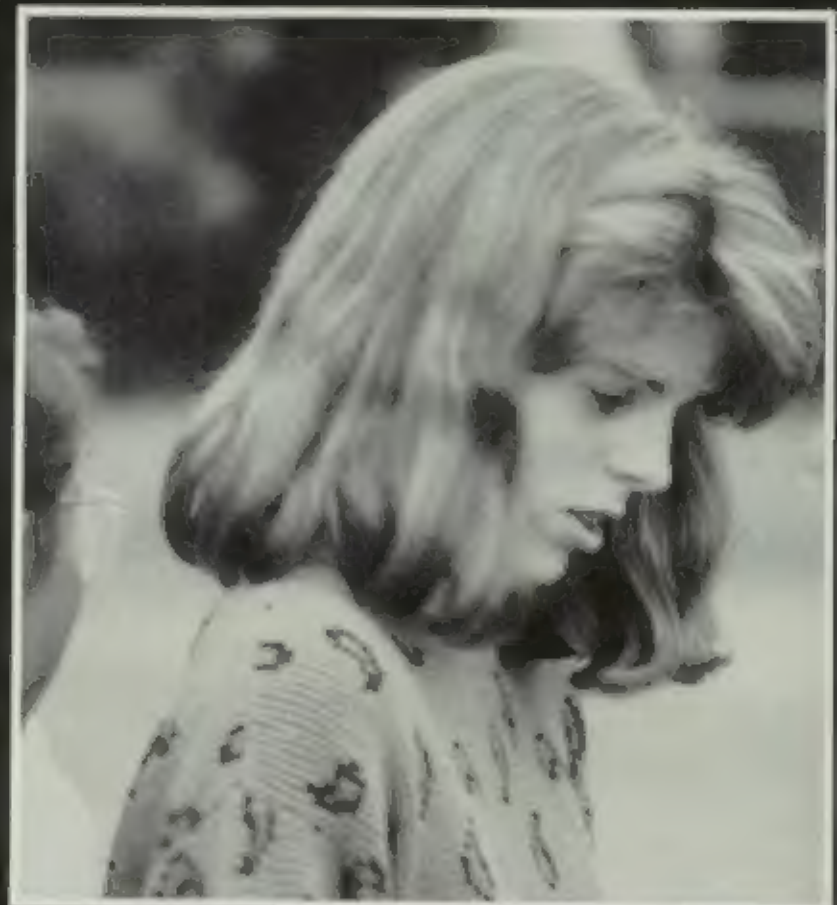

**Time (tim), N.I. the period between two events or during which something exists, happens, or acts; measured or measurable interval**

*The various definitions of "time" are presented throughout the 1987 Contender so that we might better understand one of our most vital, precious, and yet, fleeting gifts. Certainly, our school years are among "The Best of Times," yet float away like a feather in the breeze.*

*for it is time to seek the Lord"  
Hosea 10:12*

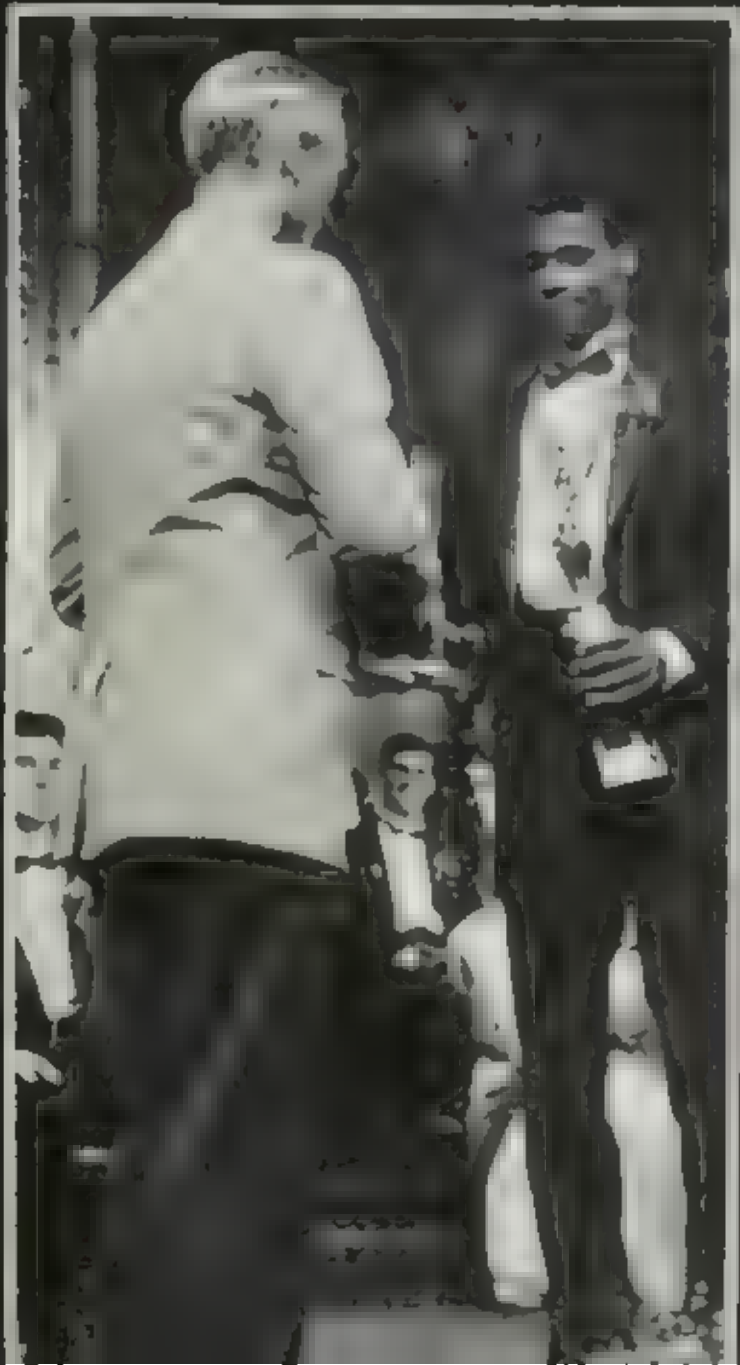

**Time. 2. usually pl. a period of history, characterized by a given social structure, set of customs, etc.**

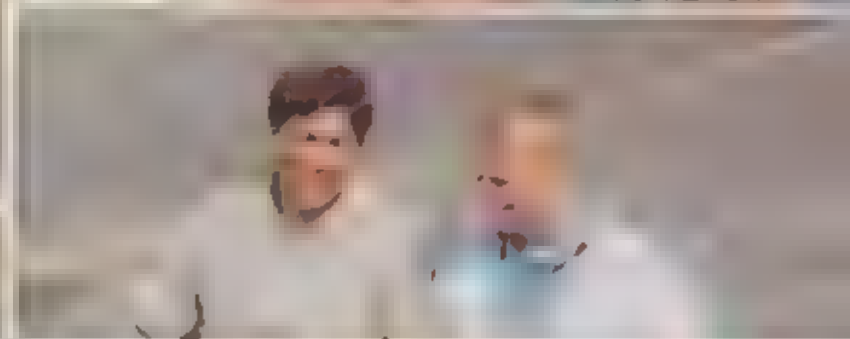

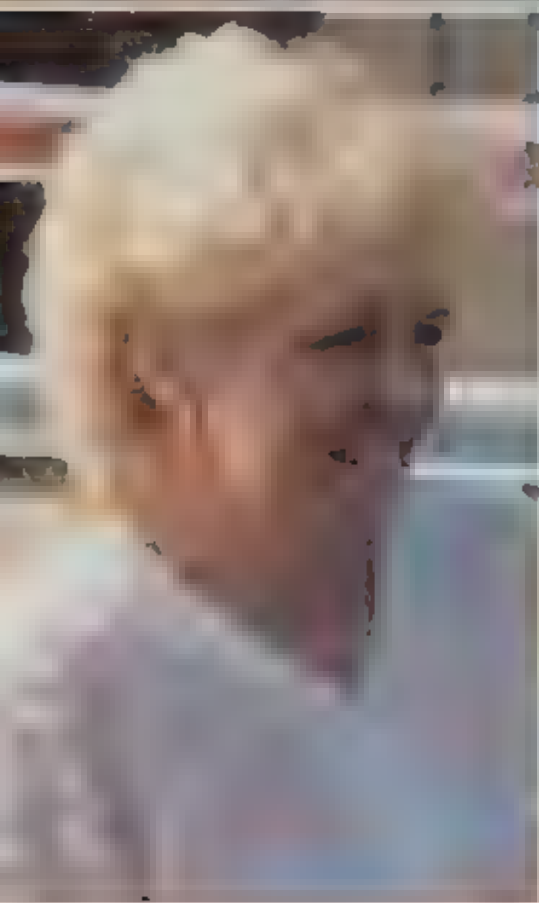

***The Scripture says a "friend loveth at all times." Friends made during high school years have infinite value. They help share the challenges and meet goals as well as take part in times of laughter and seasons of tears. A friend that loves the Lord and is true to the Word of God is surely an integral part of "The Best of Times"***

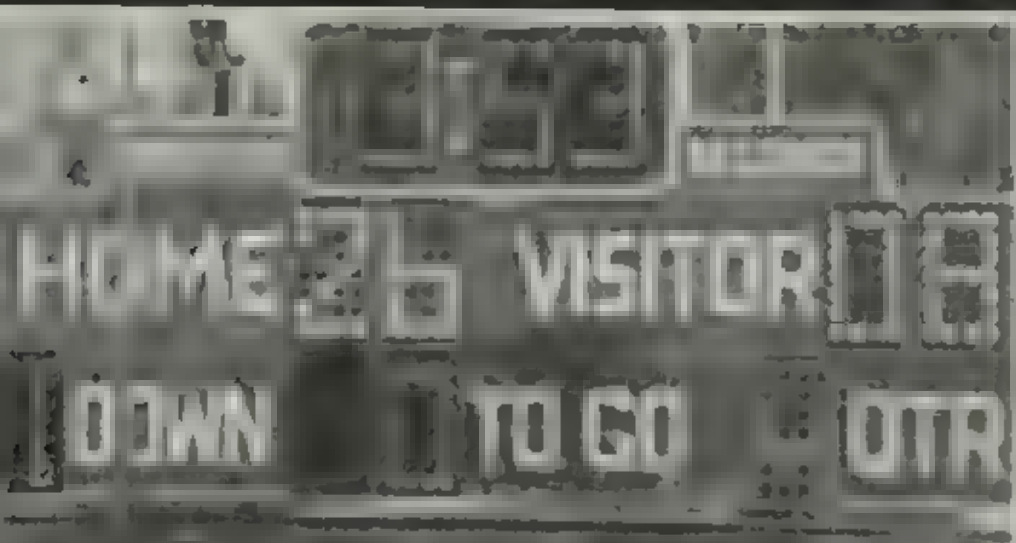

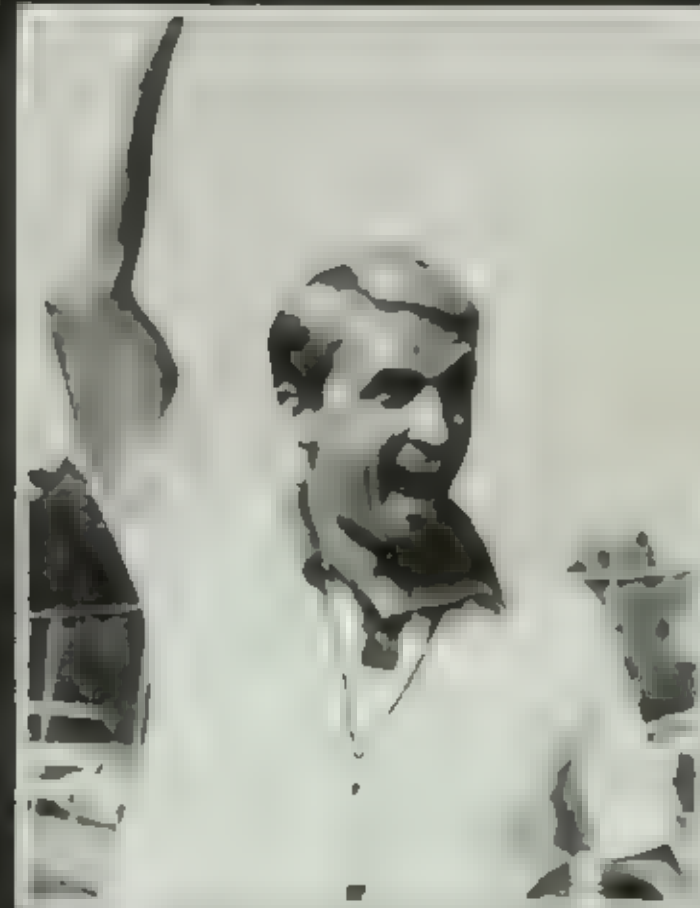

**Time. 3. prevailing conditions, past, present, or future**

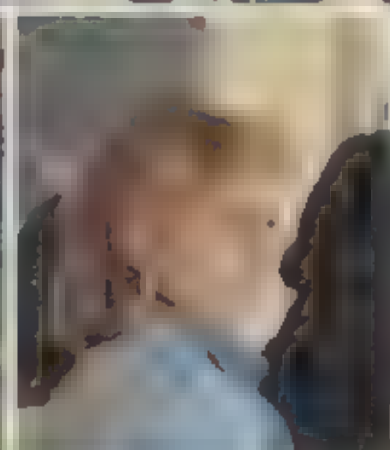

***The high school years provide a time of new challenges for young people. Suddenly new areas of learning offer intellectual opportunities that may open doors to future work. Areas of Christian endeavor widen as length of years allow more responsibility. Meeting these challenges by trusting in the Lord is part of "The Best of Times"***

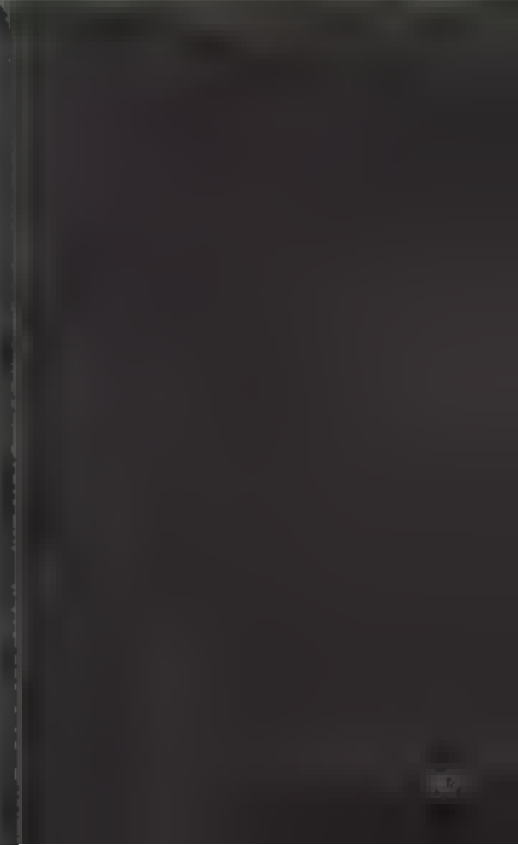

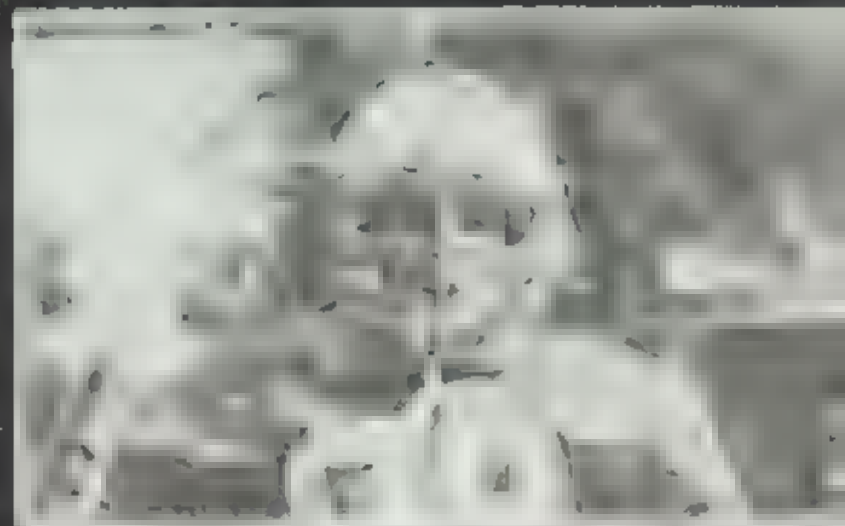

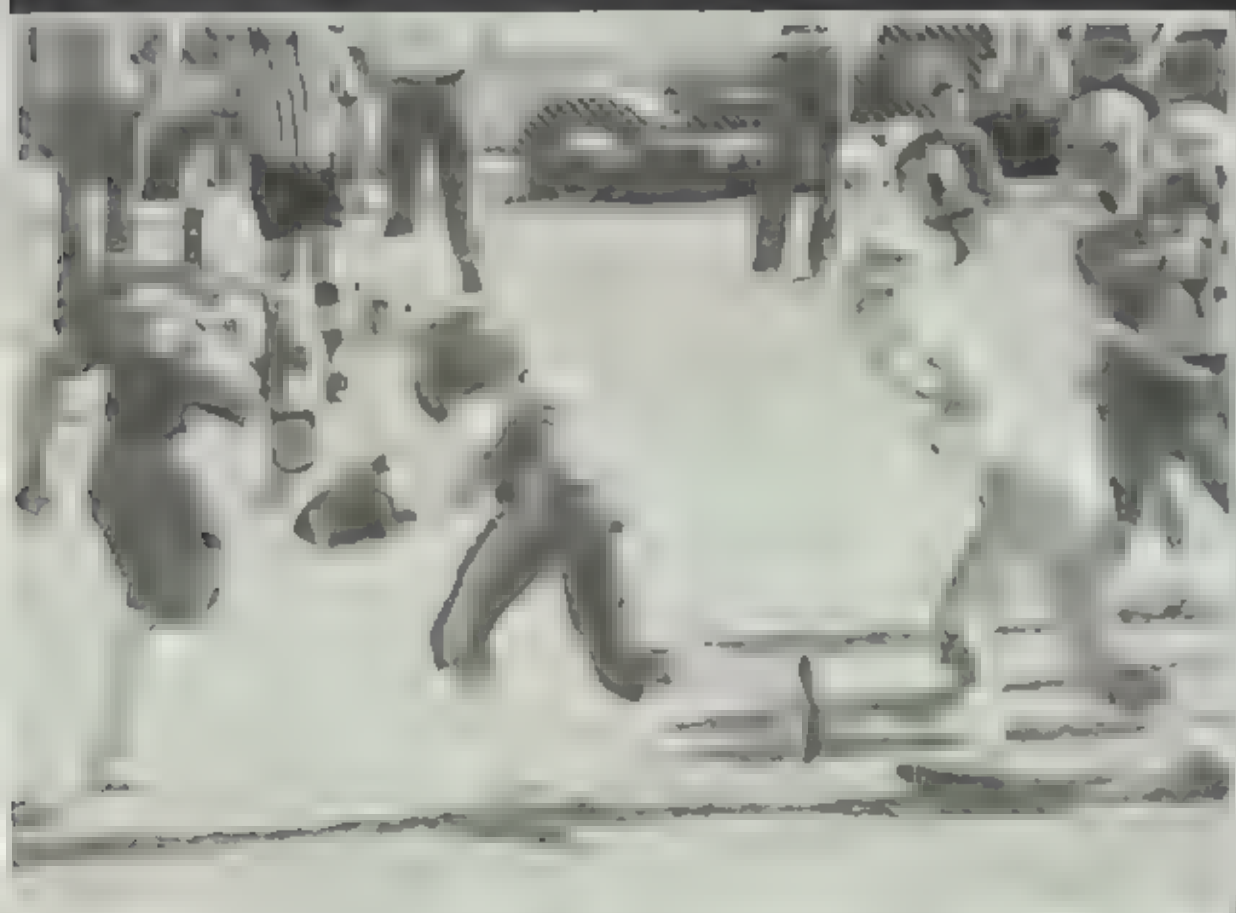

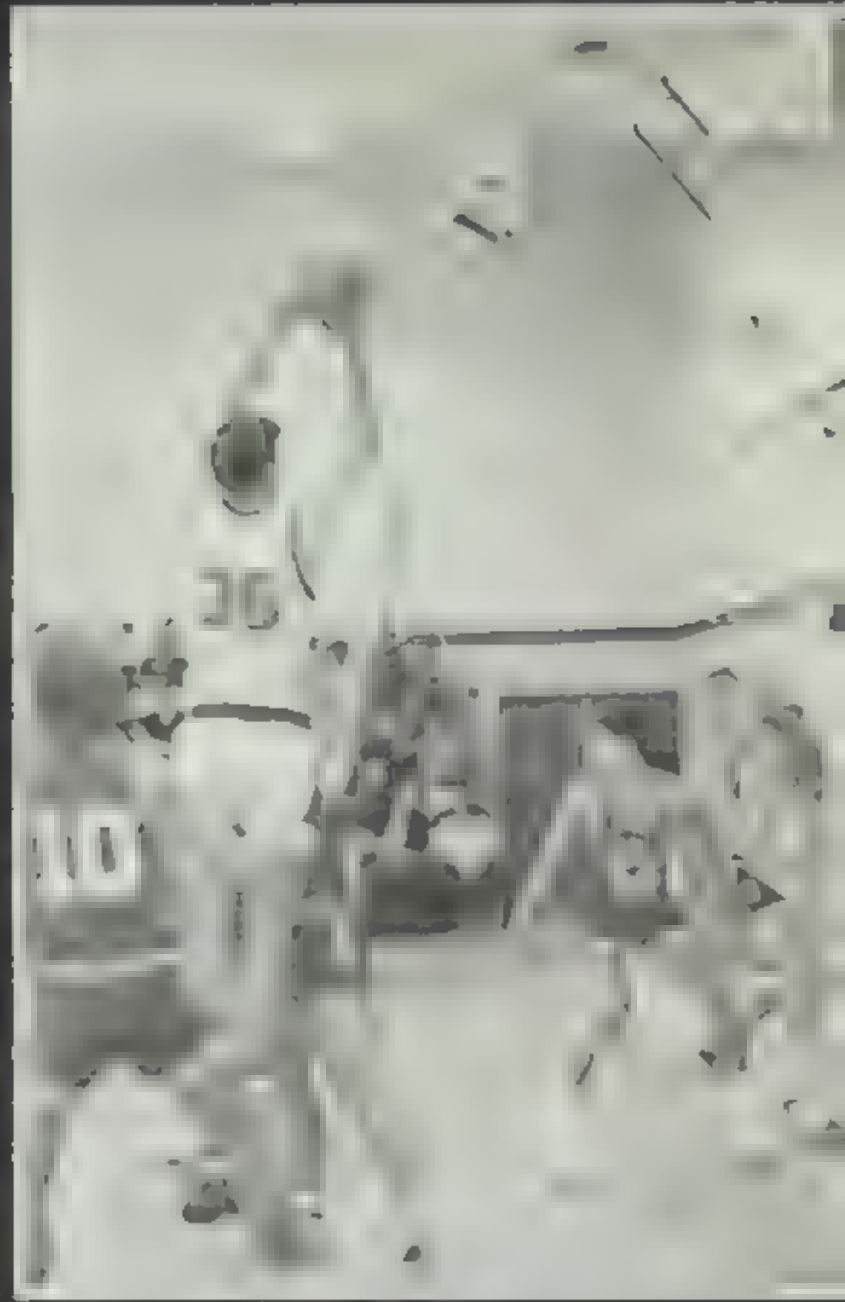

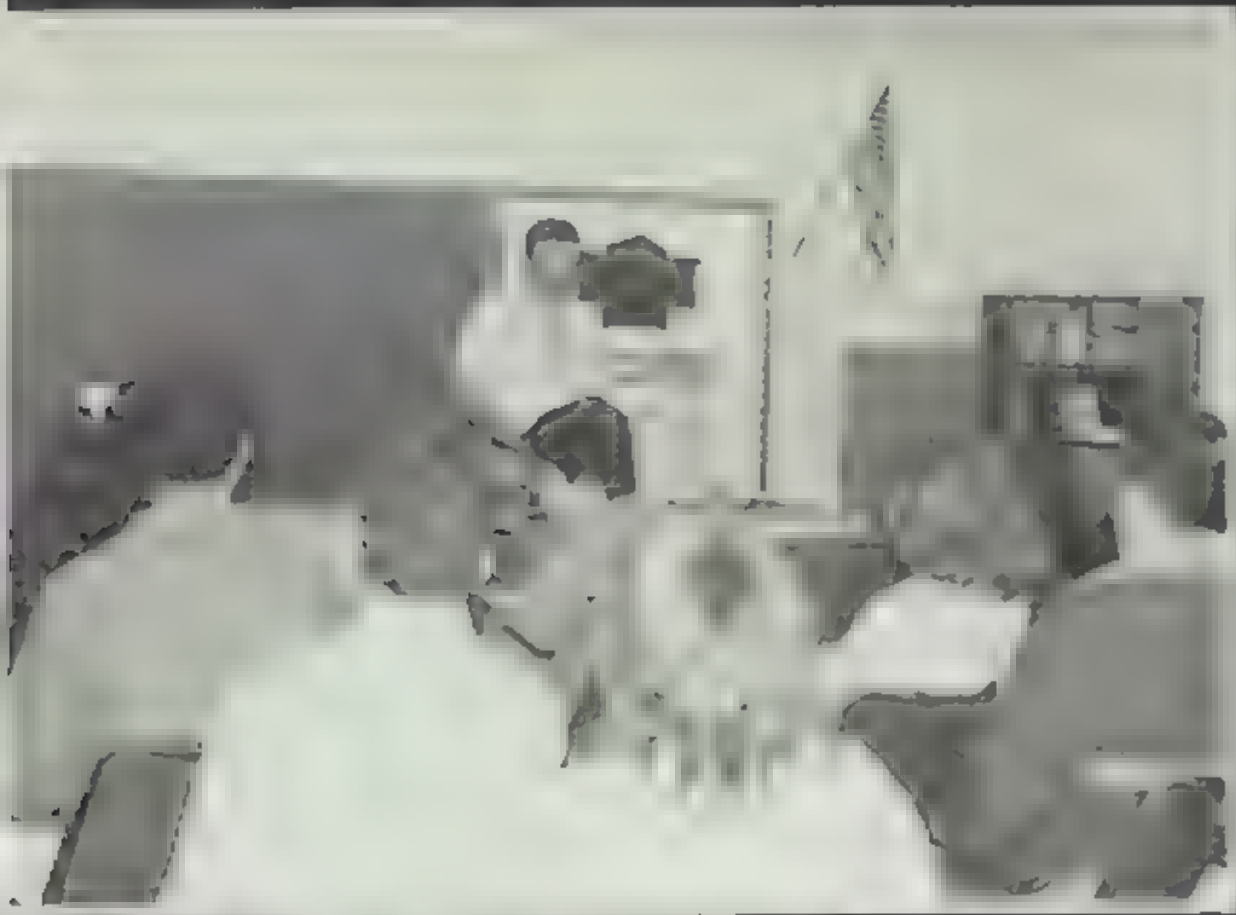

**Time. 4. a period or occasion with reference to one's personal life**

**DIRECTOR  
DR. ROLAND  
RASMUSSEN**

Mrs. Rasmussen graduated from Bob Jones University. She has also received a Master of Arts from Cal-State Long Beach.

As a principal, she cares for each student and is willing to talk to anyone who wishes or may need counseling. Since the school began in 1963, Mrs. Rasmussen has worked to help make Faith Baptist a school that is academically challenging and spiritually glorifying to the Lord.

Dr. Rasmussen is a graduate of Bob Jones University and holds a Bachelor of Science, Bachelor of Arts, Bachelor of Divinity, Masters of Arts, and Doctor of Divinity degrees.

It is his desire that each student come to a personal knowledge of Christ as Savior and grow into citizens that honor the Lord.

Dr. Rasmussen is known for his kindness in dealing with faculty, staff, and students. He is always willing to offer counsel to those who seek his advice.

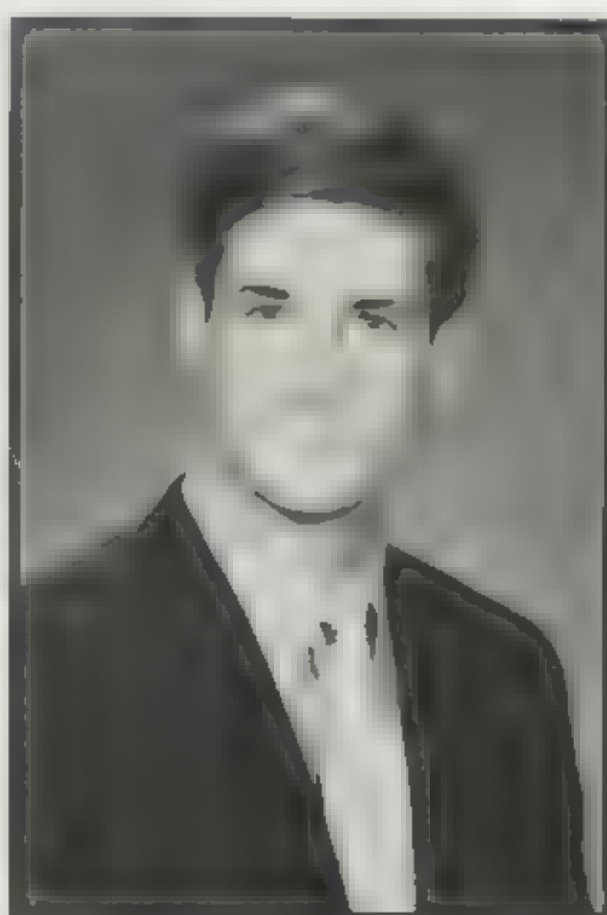

**PRINCIPAL  
MARGARET RASMUSSEN**

# ELEVENTH GRADE

Class Officers: President, Lenny Boen, Vice-President, Brenda Galeener; Secretary, Stephanie Lorey; Treasurer, Jennifer Ruff; Chaplain, Gregg Lestina

The Junior Senior Banquet is one of the greatest challenges that these junior students will have had by the end of the school year. A great deal of time is put into organizing the entertainment, the dinner, and providing all the other special details. The Juniors also worked hard at the beginning of the year on their float in the Homecoming parade.

Academically, the year is also a challenge. The curriculum includes Algebra II, English, Bible, United States history, and such electives as chemistry, accounting and annual staff.

# TENTH GRADE

Tenth grade curriculum includes such subjects as Spanish II, speech, anatomy and physiology or physical science as well as Bible, and English. The tenth graders took part in the annual speech contest and submitted a lovely float in the Homecoming parade. The students were busy raising funds for their future Junior-Senior Banquet and Senior trip. A very special event was their special part in the annual Patriotic Program where they celebrated a colorful tribute to America's Fourth of July.

Under the direction of Mrs. Linda Packer, the Medical Emergency Disaster Squad is a program which was instituted to prepare our school for earthquake or fire disasters.

Each member of the group has undergone six weeks of first aid training, including cardio-pulmonary resuscitation, artificial respiration, and treatment of minor wounds.

These students must take a written examination and consistently average a grade of 93% on the comprehensive test.

# ACTIVITIES

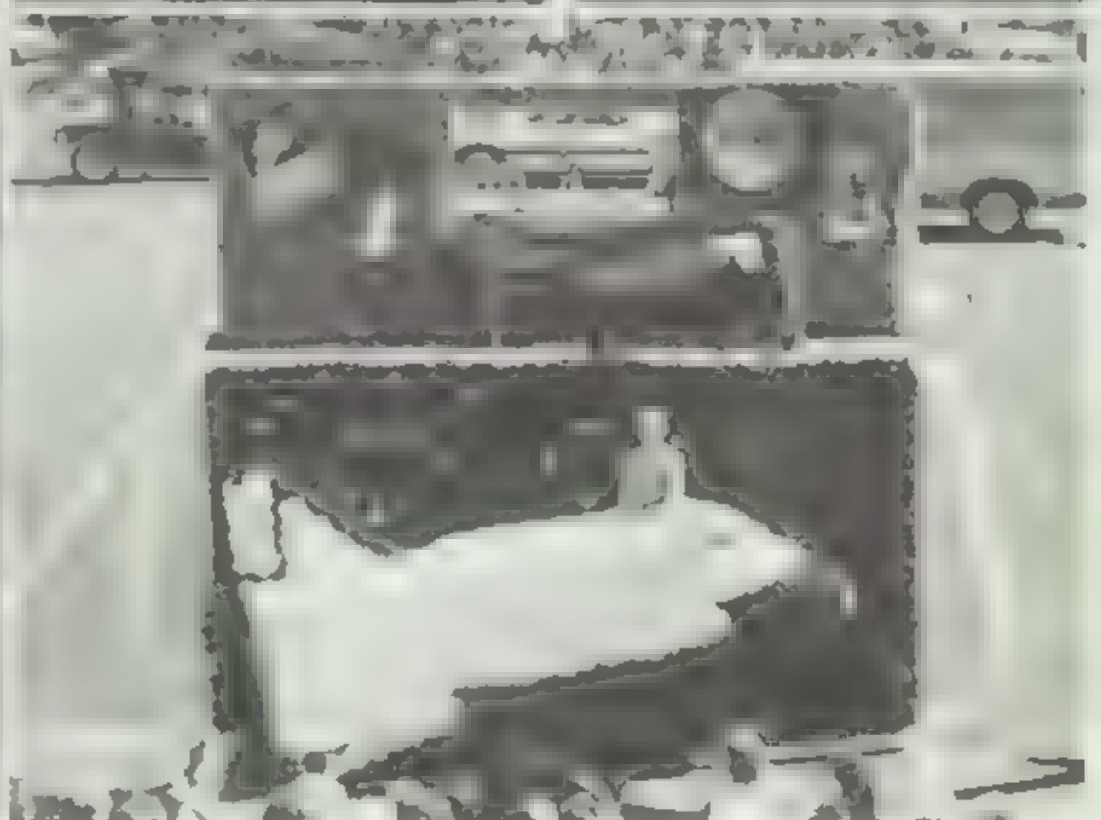

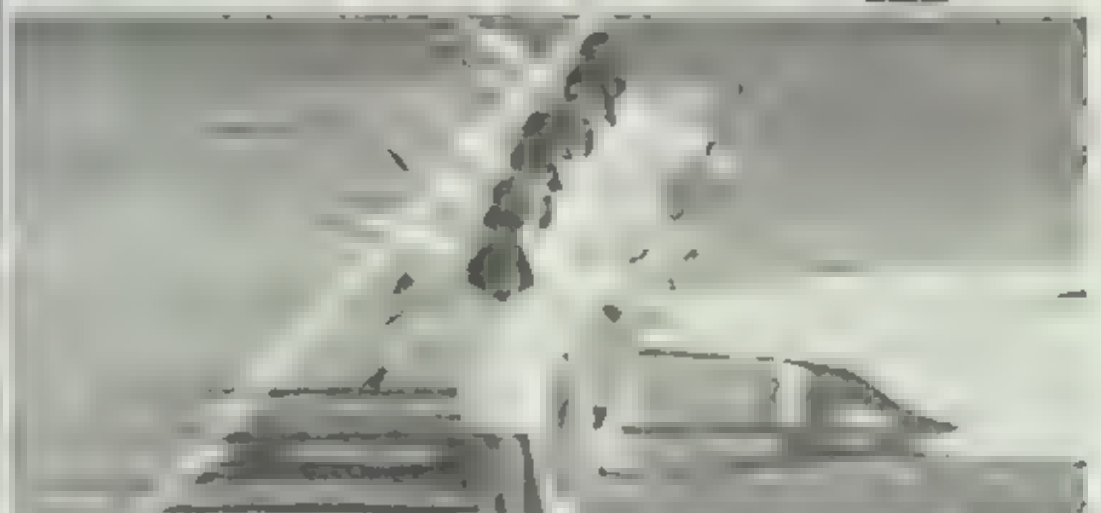

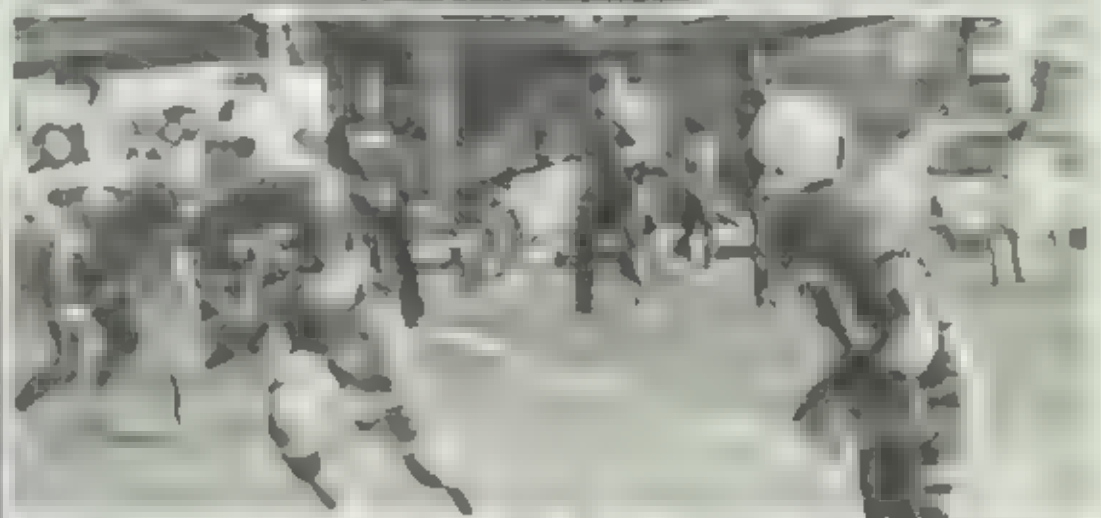

# "THROUGH THE EYES OF A CHILD" 1986 HOMECOMING

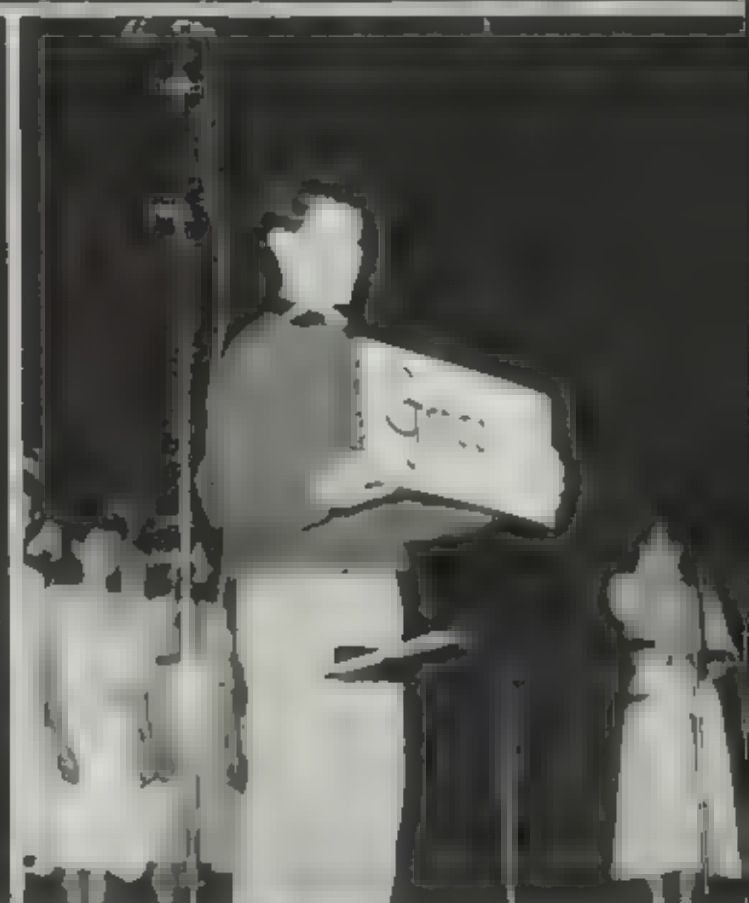

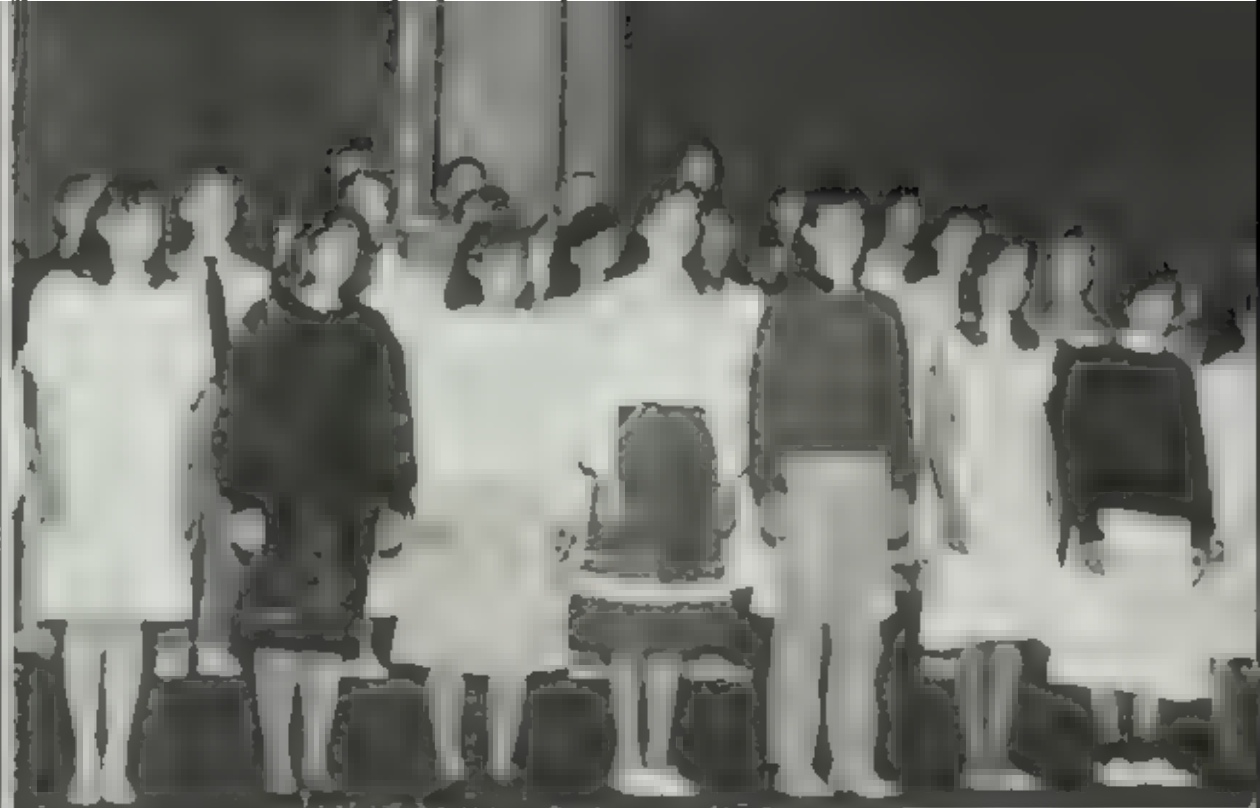

The 1986 Homecoming was under the direction of Mr. Peter Misseijer. Each of the classes from seventh through twelfth grades entered a colorful, theme float. This year's theme was "Through the Eyes of a Child." In addition to the floats, the fans enjoyed a special drill routine by the eighth grades girls and music by the Faith Baptist Band. Also adding to the half-time events was a parade of classic cars. After the challenging game of football, a delicious banquet meal was served. Thanks to Mrs. Vi Jones for her hard work. Paul Bender was in charge of an after-dinner program of skits and music.

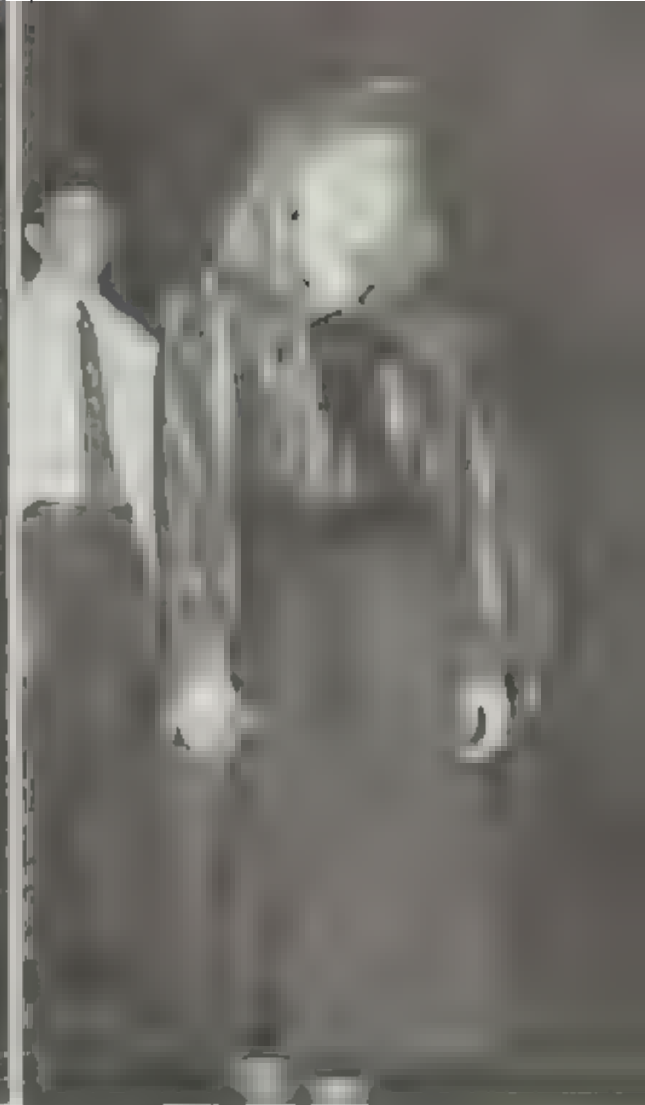

"FOOTPRINTS"  
ONE OF THE REGULAR  
BIBLE, SPEECH, AND  
CHORAL PROGRAMS

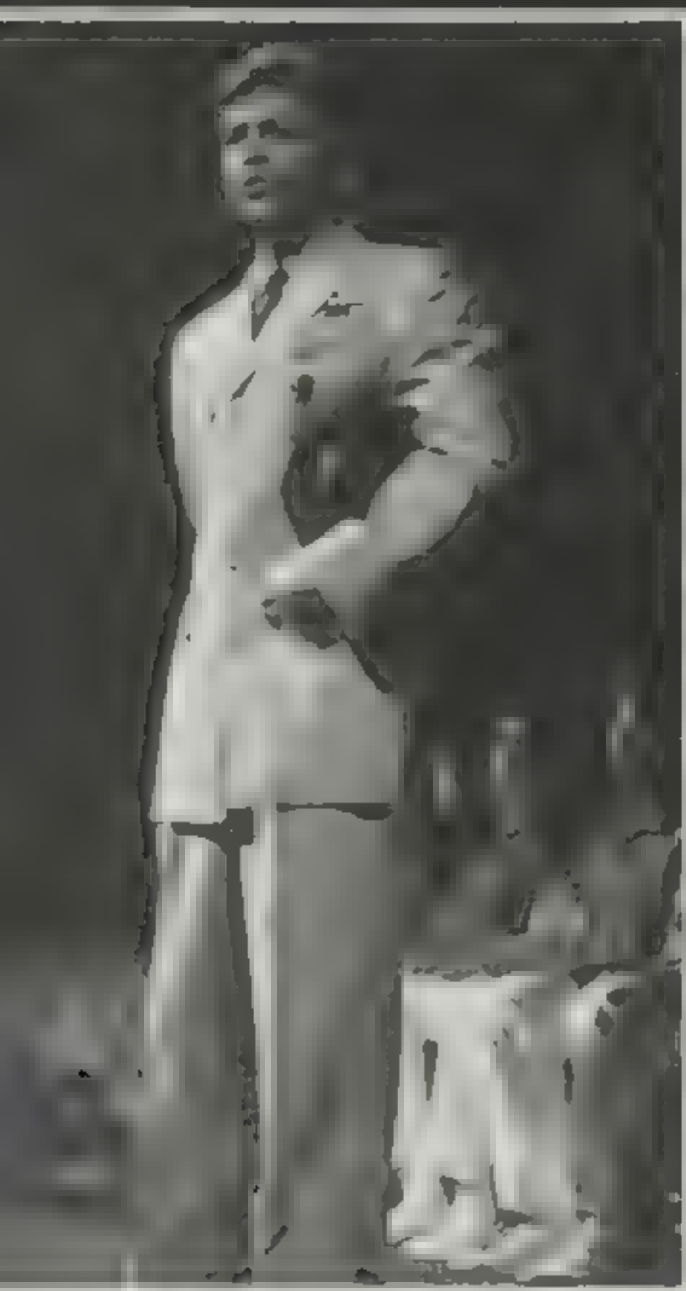

WRITTEN BY  
MRS. NANCY WILLARD

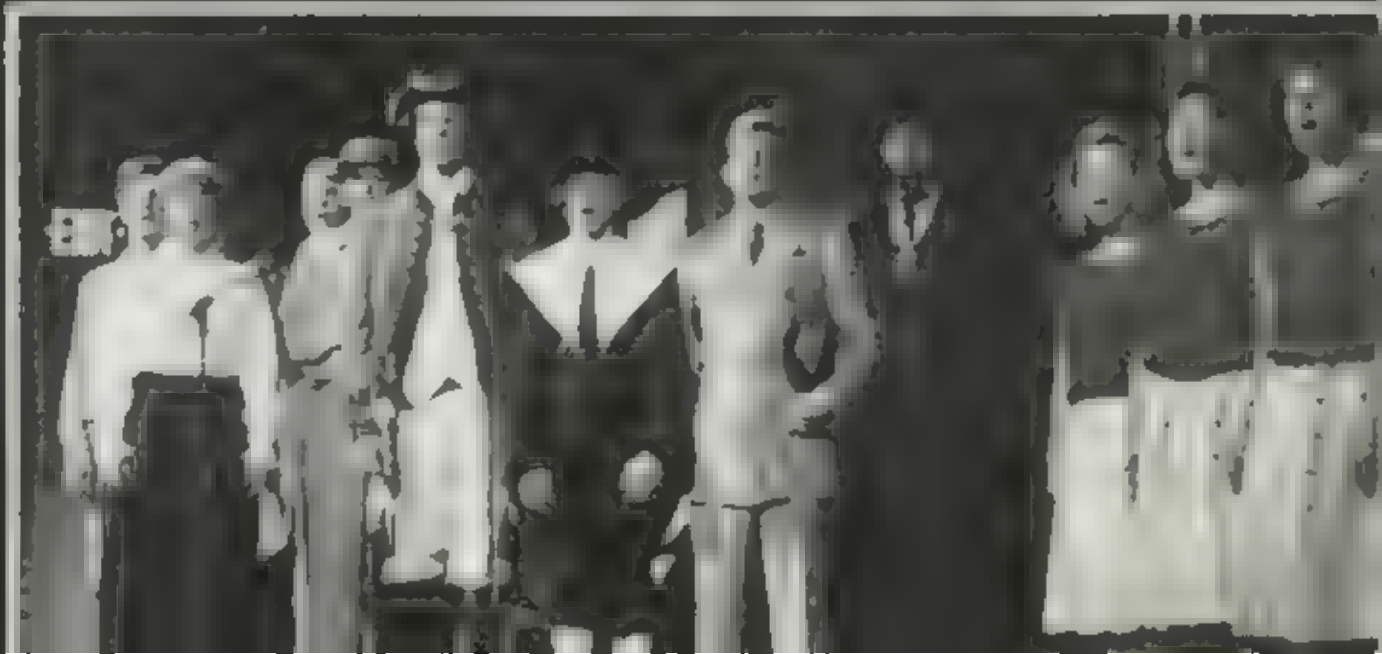

The sophomores, juniors, and seniors presented the 1986 patriotic program, "This Land is Your Land." Dressed in the traditional red, white, and blue, the juniors-senior choir sang such favorites as "The White Cliffs of Dover" and "This is My Country." Students in colorful costumes brought to life scenes from American history. Included in this pageant through history were William Bradford, Abraham Lincoln, and General Douglas MacArthur, as well as Harriet Whitman, an early pioneering woman who crossed the Rockies. Famous scenes from events such as the Gold Rush and the building of the Continental Railroad were dramatically portrayed by the sophomores. Dressed in Western costume, these tenth graders entertained with a choir rendition of "Home on the Range," "O Susanna" and other Western melodies. The program also included a special salute to the Challenger astronaut.

## THE 1986 PATRIOTIC PROGRAM "THIS LAND IS YOUR LAND"

"This Land is Your Land" was written and directed by Mrs. Evy Anderson, a talented dramatic speaker who has a deep love for American history. Hours of work were put into this multi-media production involving over 150 students. Many thanks go to Mr. Mike Moreau who helped with the multi-media.

We would also like to thank the music coaches Mrs. Marilyn Reid, Mrs. Jennie Gehr, Mr. David Fizz, and Mr. Joel Sturm. Much appreciation also goes to Mr. Todd Corbin who directed the choir and Mrs. Donna Reed who coached special speaking parts.

# JUNIOR HIGH

# EIGHTH GRADE

Eighth grade is an academically challenging year for these teenagers. Students build on their skills of writing term papers from their introduction in the sixth grade. The American history course is a study of God's plan for our country. The students learn first aid in their science course. Artificial respiration and cardiopulmonary resuscitation are taught to the students as well in this class. During second semester students are introduced to the Periodical Table of the Elements and various protozoans in their study.

# ELEMENTARY

# ELEMENTARY SUPERVISOR

Mr. Yoshida, a professional photographer, is known and loved by students and faculty alike. Mr. Yoshida has often taken part in activities in the school. He is also Junior Church director of Palth Baptist Church.

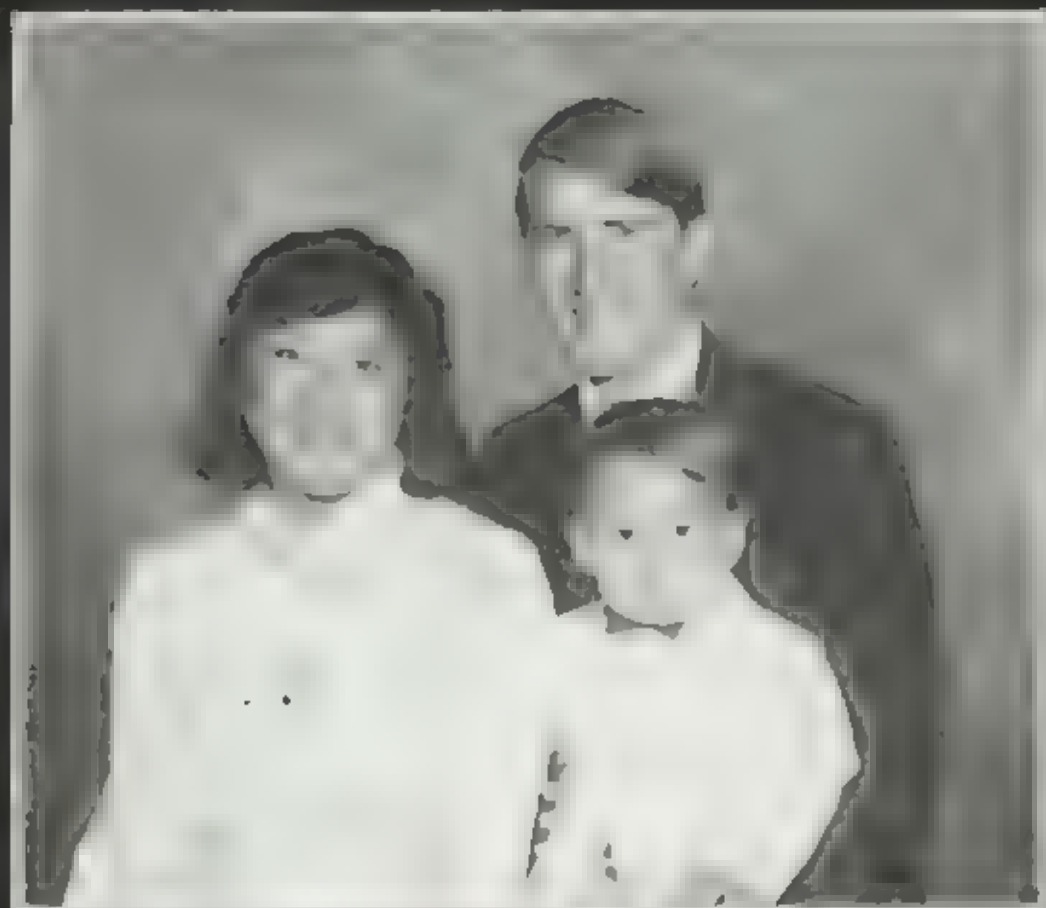

Margaret Yoshida

Mrs. Yoshida has been an invaluable asset to Palth Baptist School. As the director of elementary activities, she guides in curriculum development, teaching precepts, and student discipline. A dedicated Christian, she seeks to counsel youngsters to serve the Lord through the teaching of the Scripture.

Carolann is a graduate of Hylen Anderson College where she joined the staff as personal secretary.

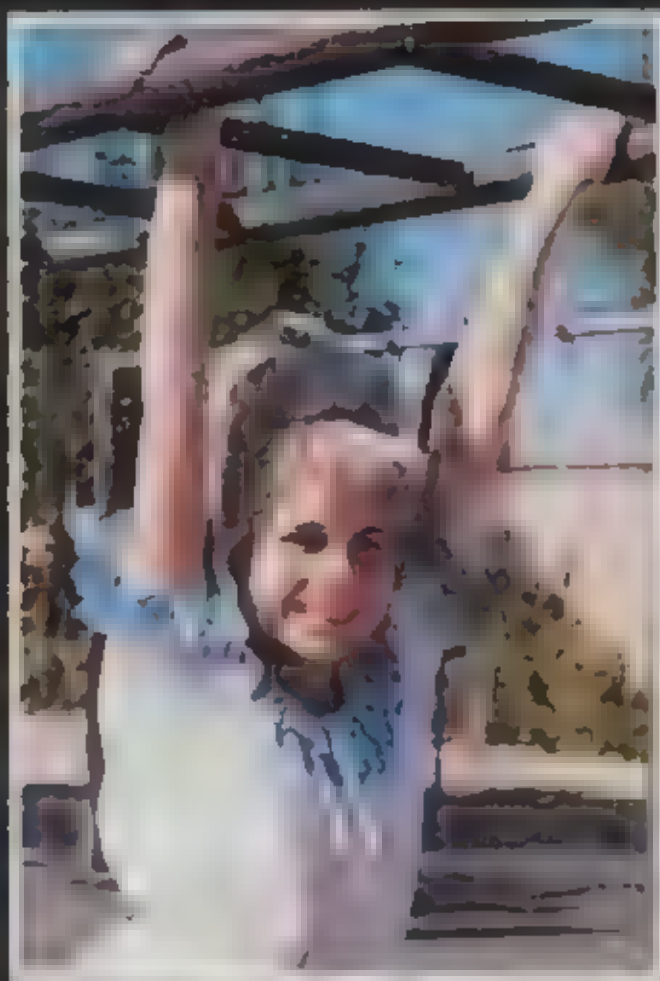

Carolann Yoshida

Patsyn and James Field with their son, Ken.

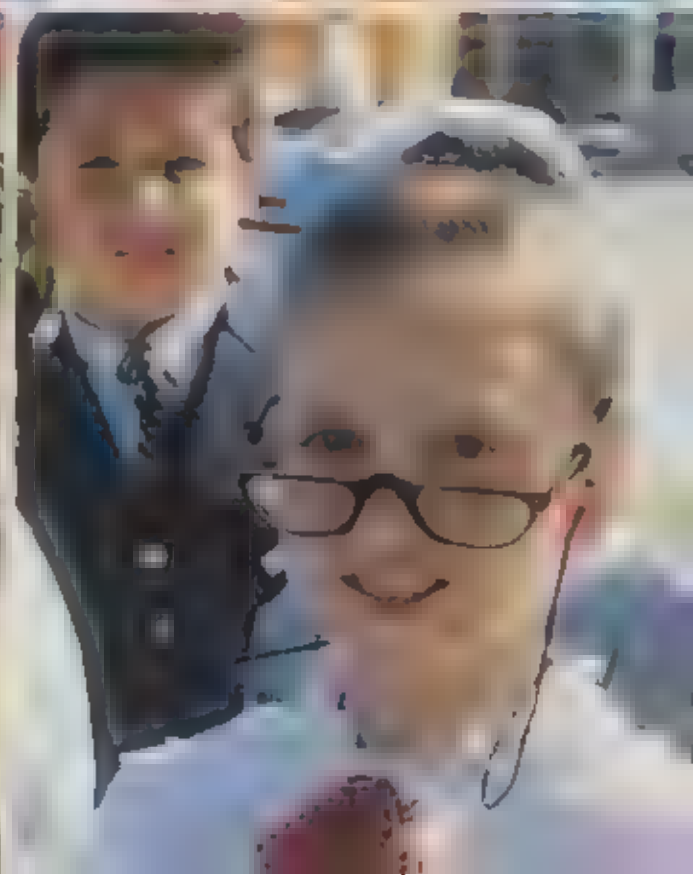

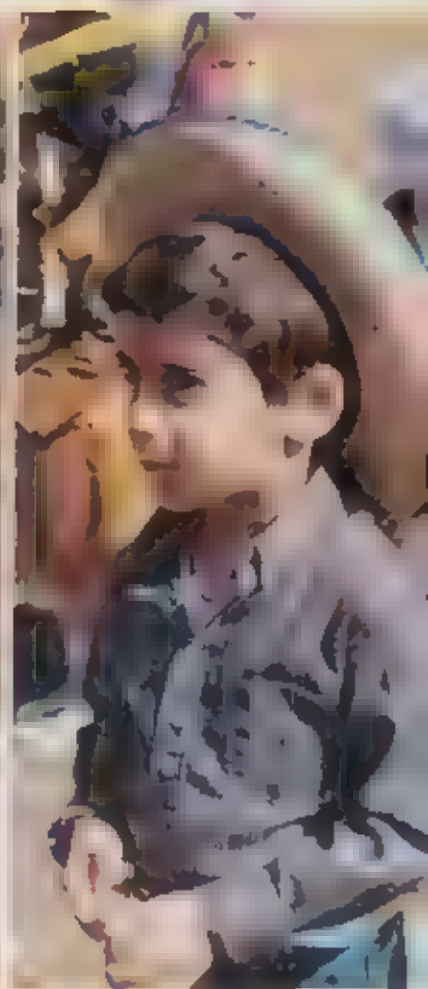

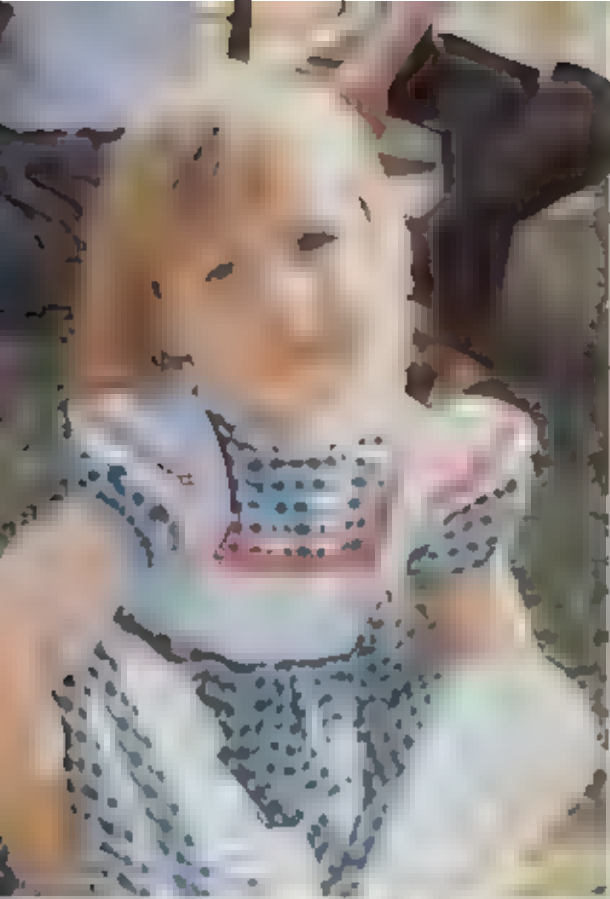

Patsyn, Mrs. James Field, teaches in the high school. Mr. Field teaches 6th grade in the elementary school and is director of the junior high department. Kenneth, their son, is a very active two year old.

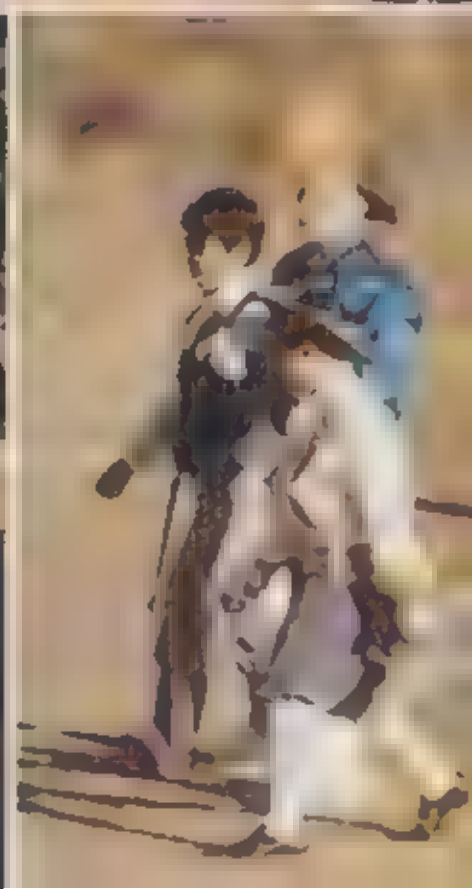

***The Scripture teaches that we should "train up a child in the way he should go." The Christian school environment provides not only a setting for academic achievement, but allows teachers and counselors to give instruction in Biblical principles of living. The child that learns to be diligent in work, honorable in relationships, and trusting in God can have an elementary educational experience that is "The Best of Times."***

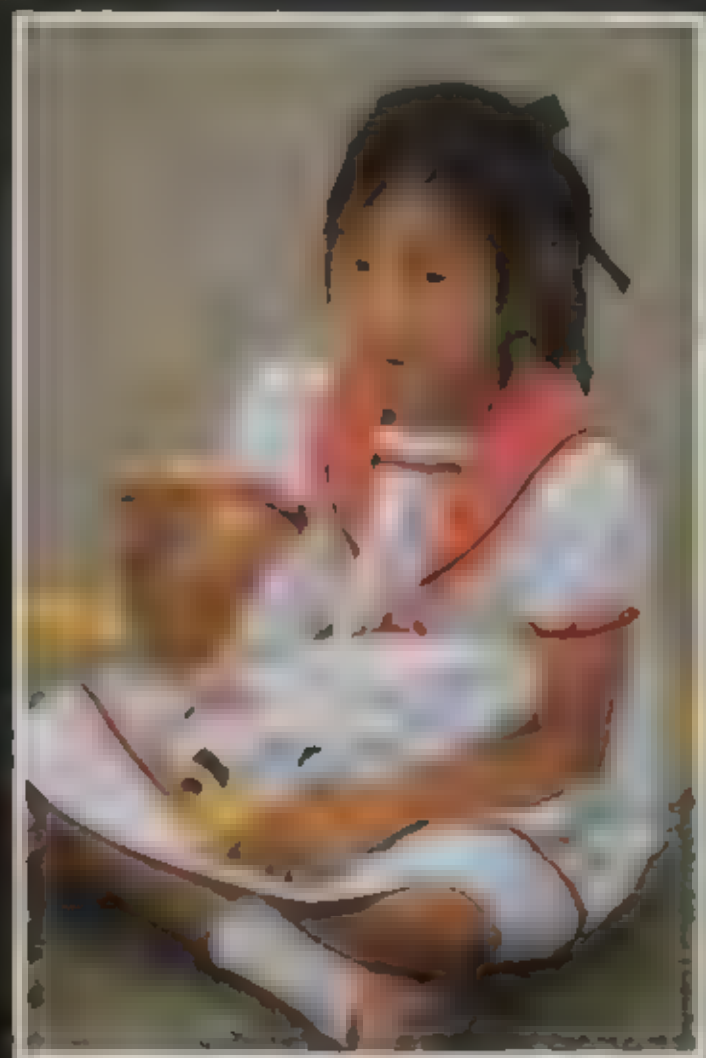

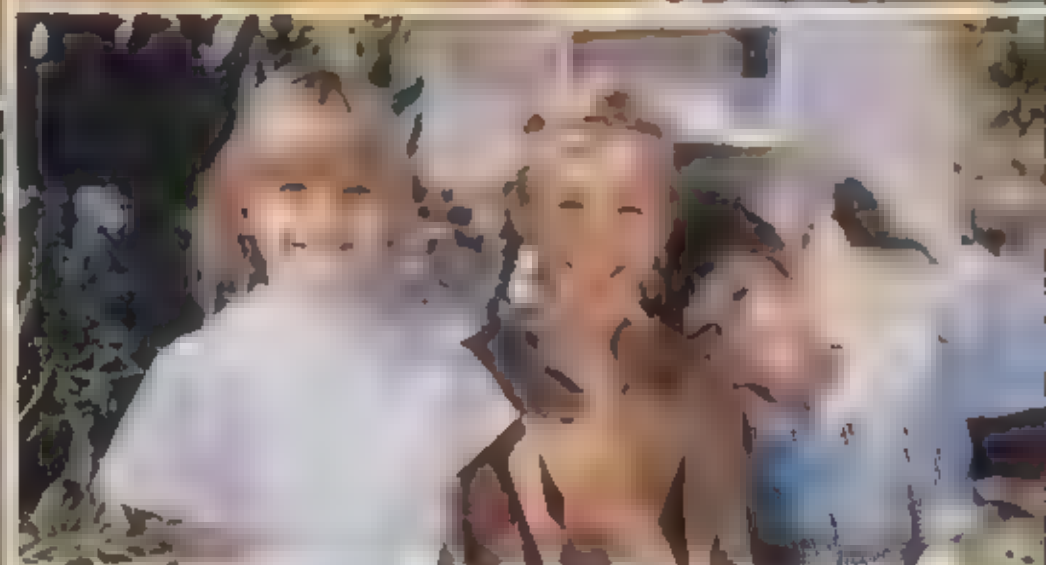

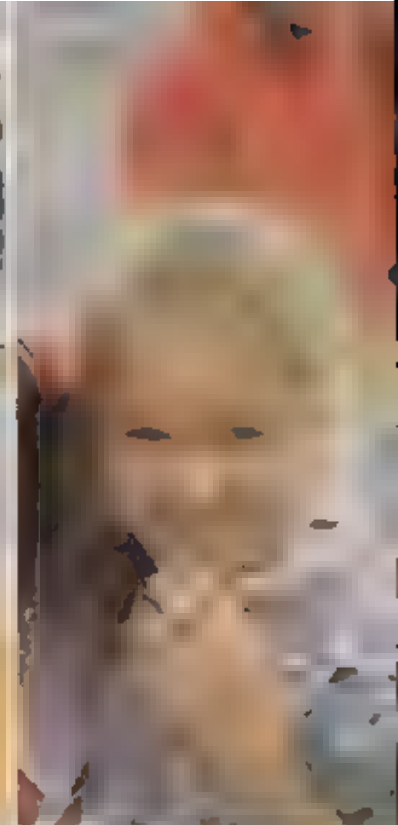

**Time. 5. a period of duration set or thought of as set; a period of existence**

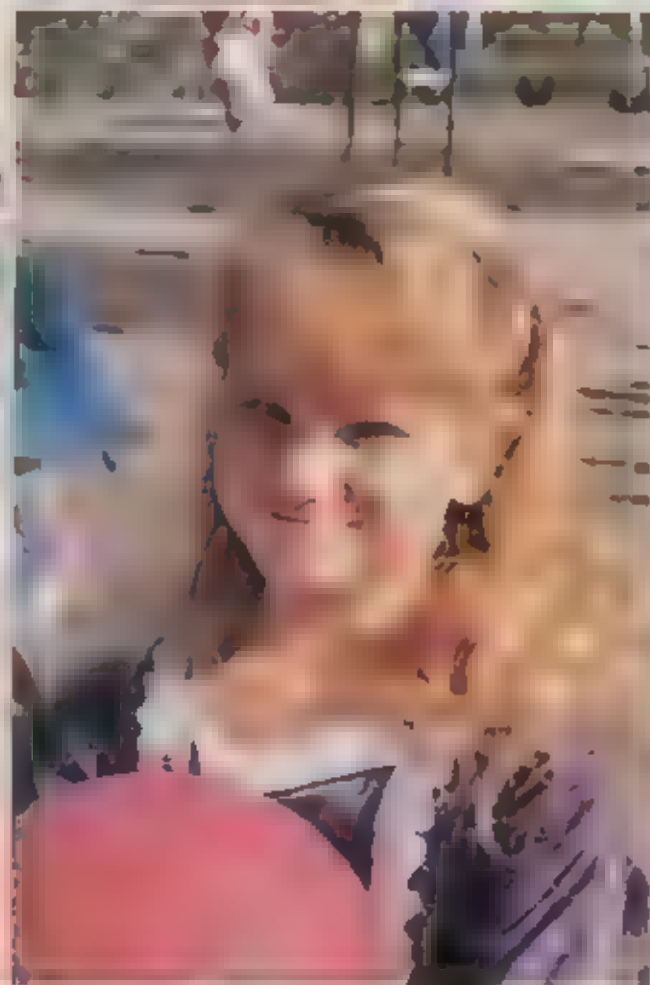

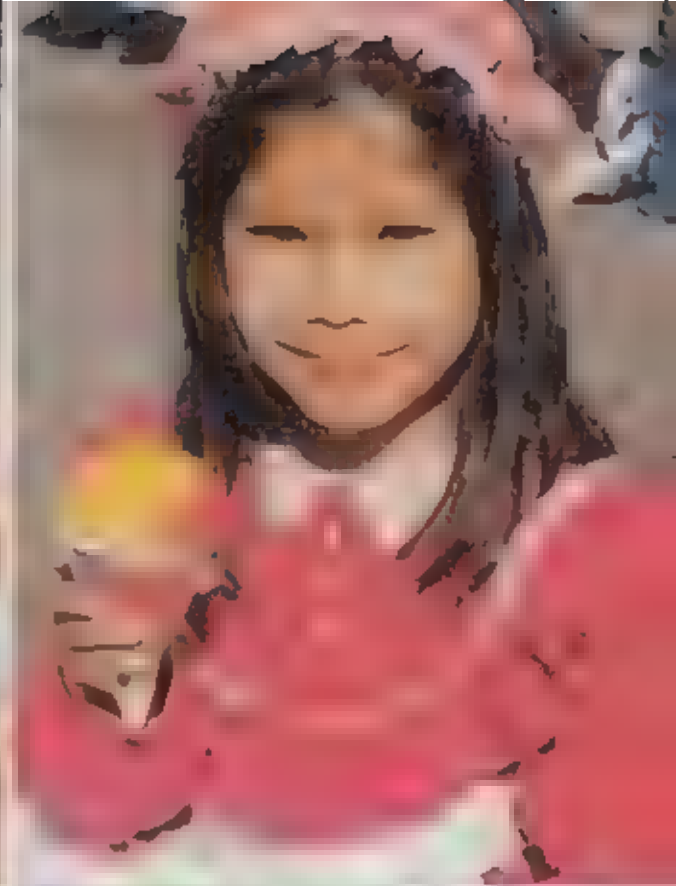

*The life of an elementary student is filled with the new achievements that are part of growing. The first time one accomplishes success with double digit addition and the first colonial day report given in front of the class are part of the challenges of elementary schooling. Learning God's word, making a science project, and making a craft for the homecoming boutique are all part of learning during "The Best of Times."*

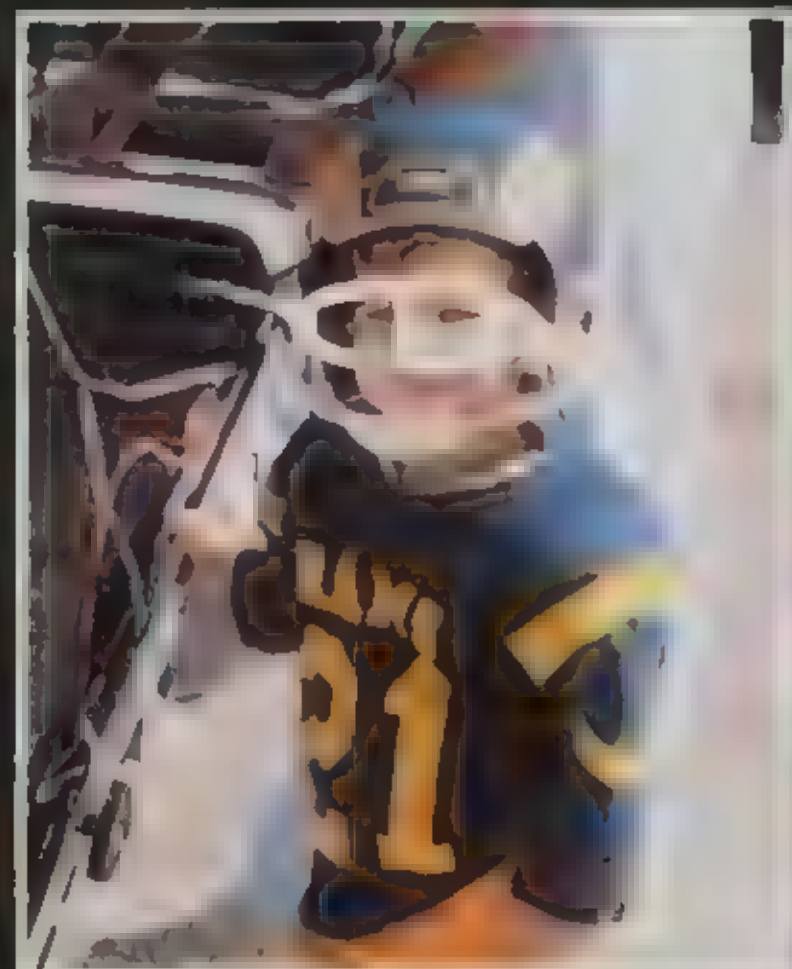

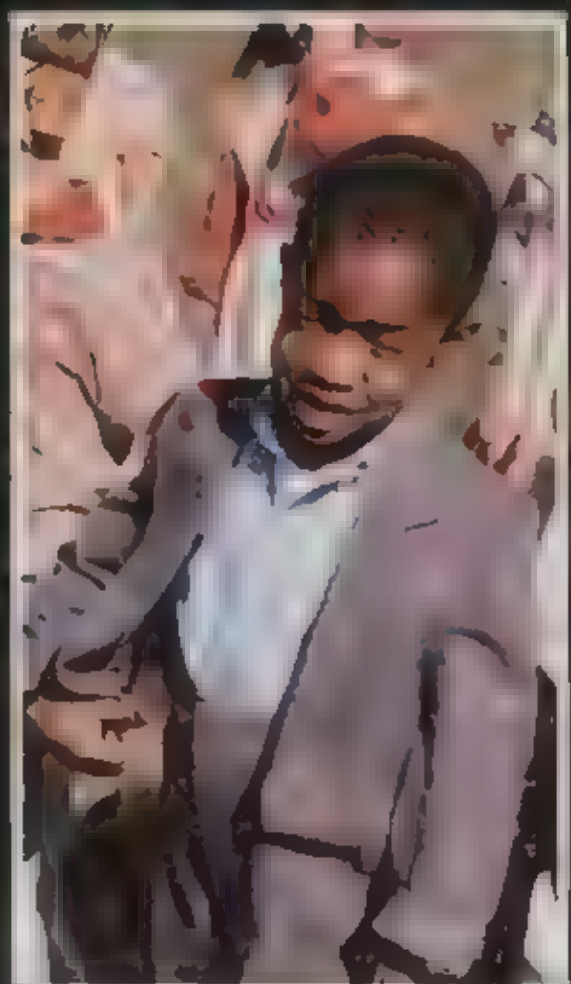

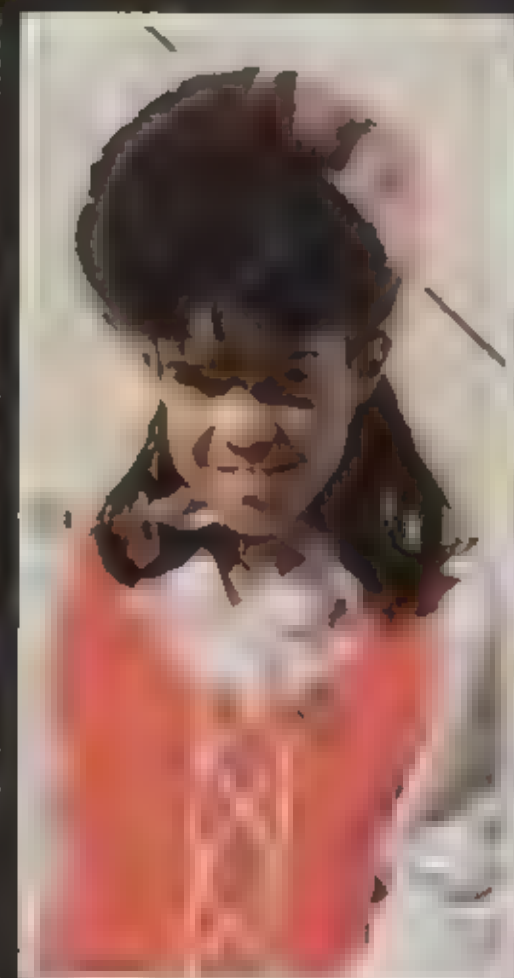

**Time. 6. rate of speed in marching,  
driving, working, etc; as, go at double  
time**

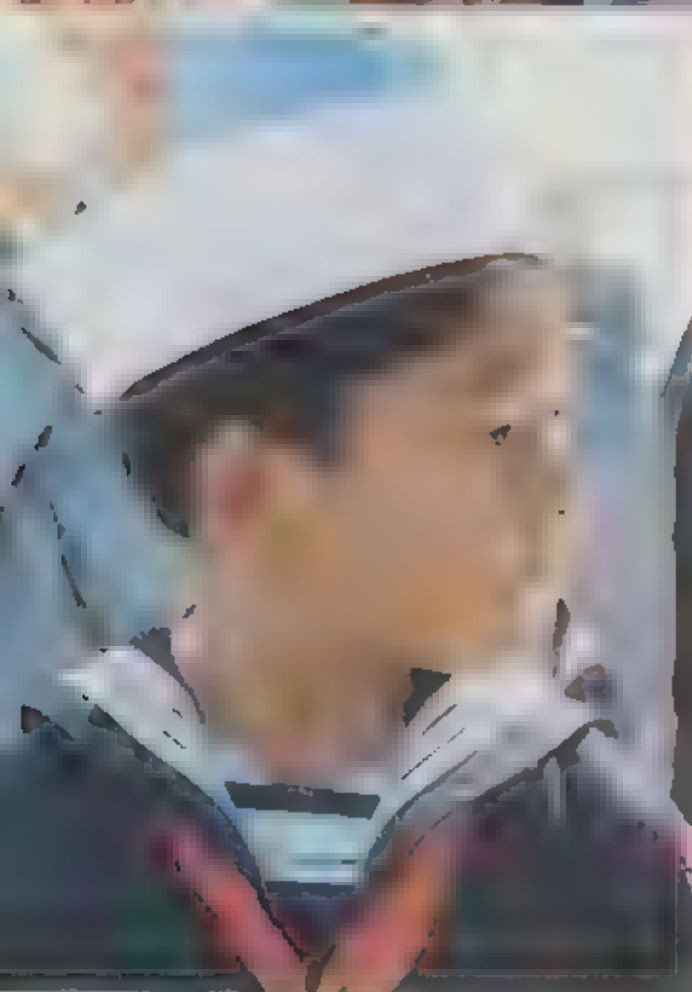

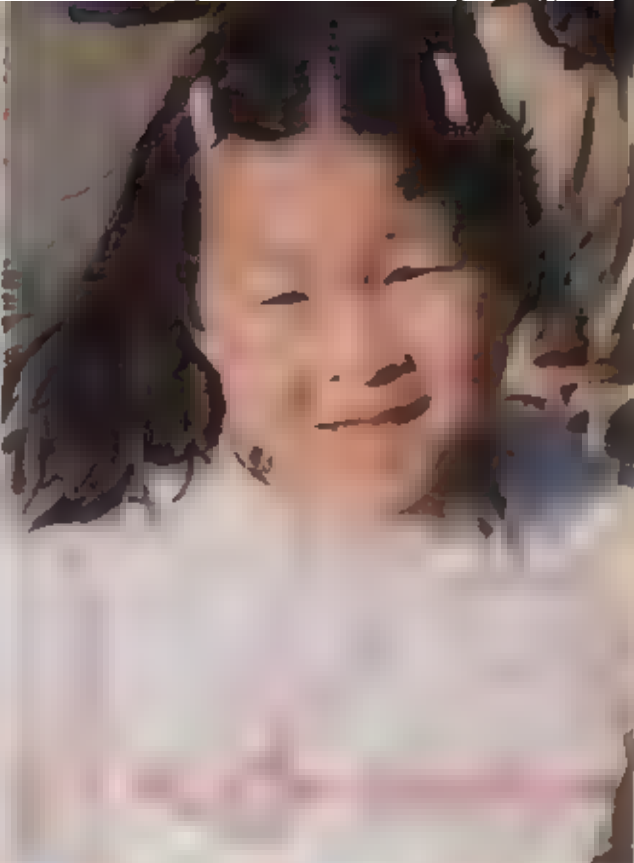

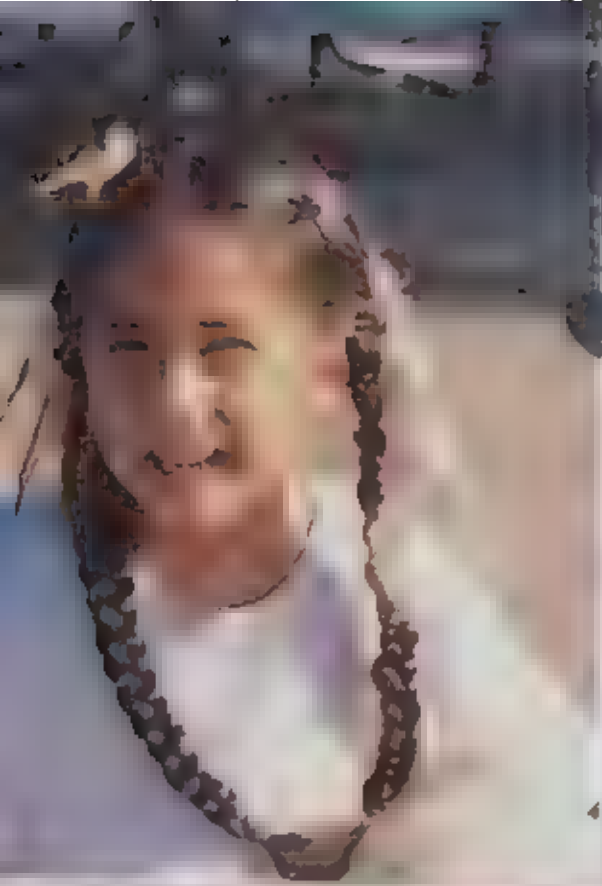

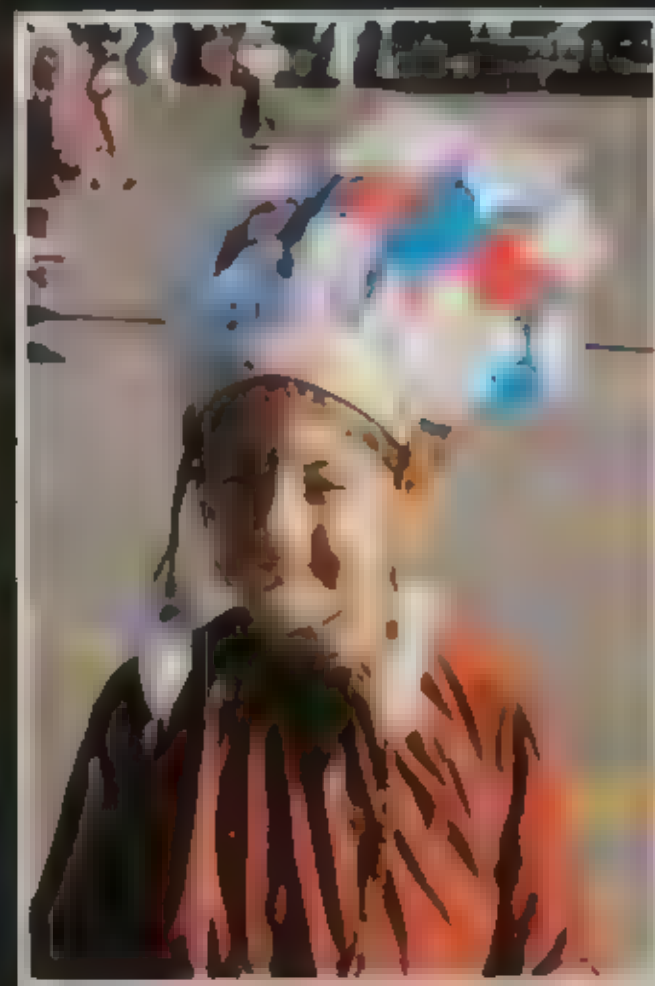

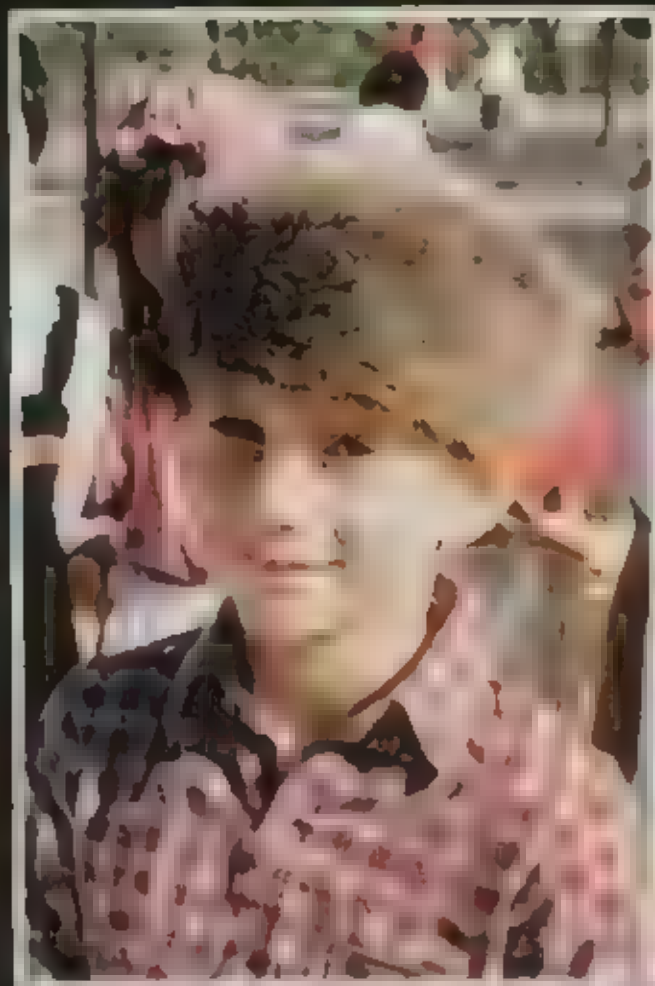

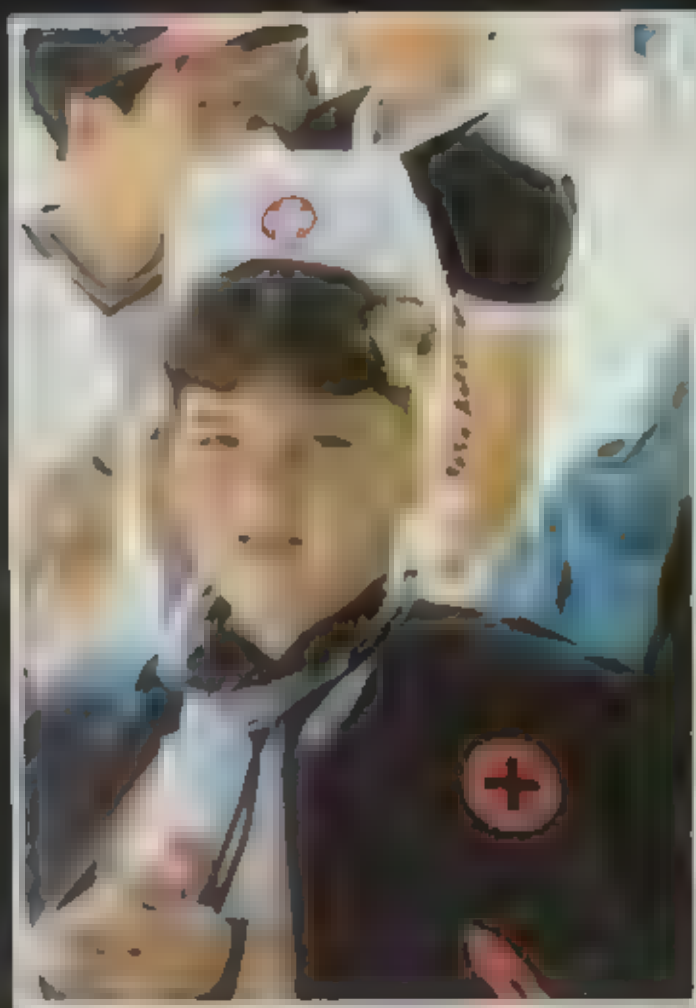

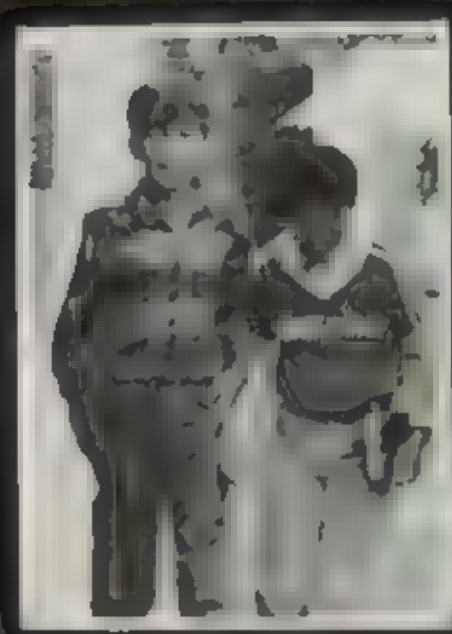

**Elementary school is a time of laughter as well as accomplishment. Every adult remembers sitting at a school desk, doing an arithmetic or English paper while the hands on the clock crept slowly toward recess time. When recess time finally arrived, the wondrous world of ball playing, chasing, and climbing became part of "The Best of Times."**

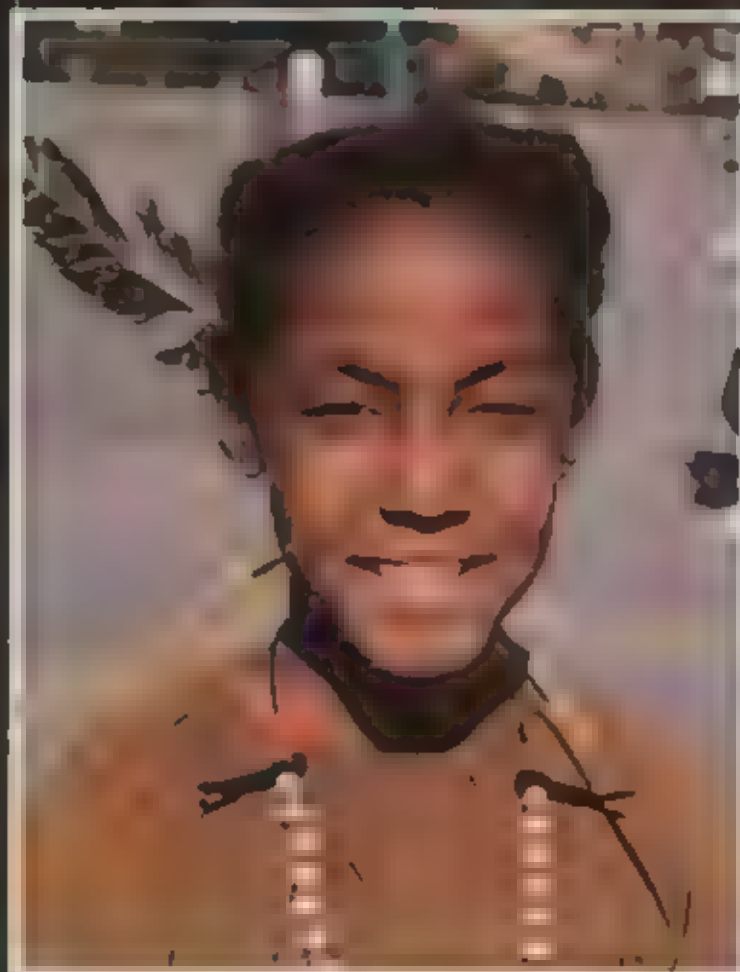

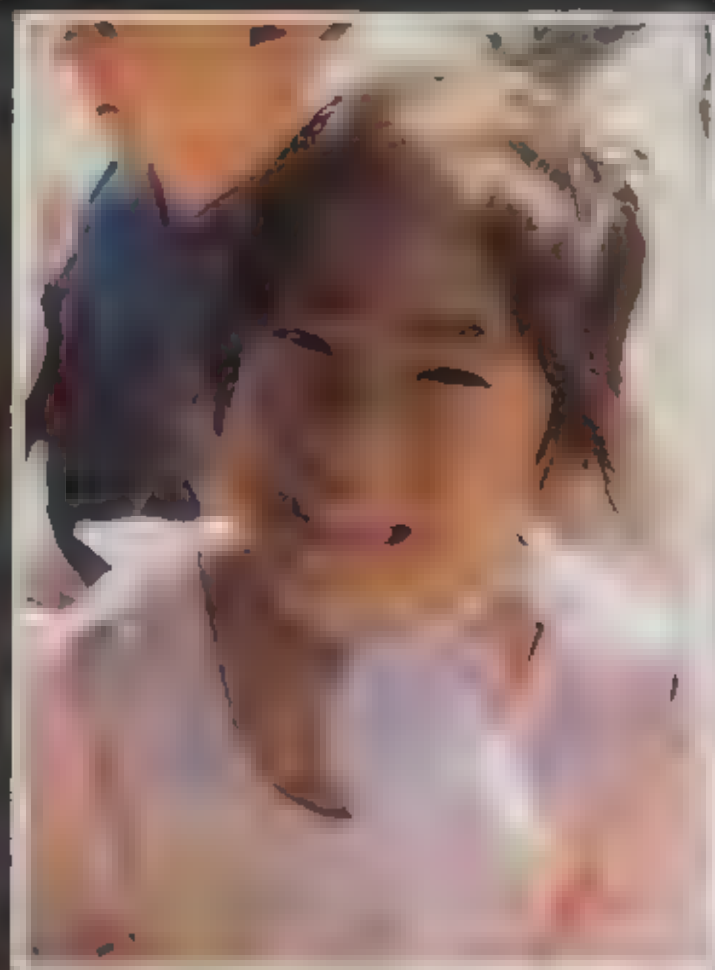

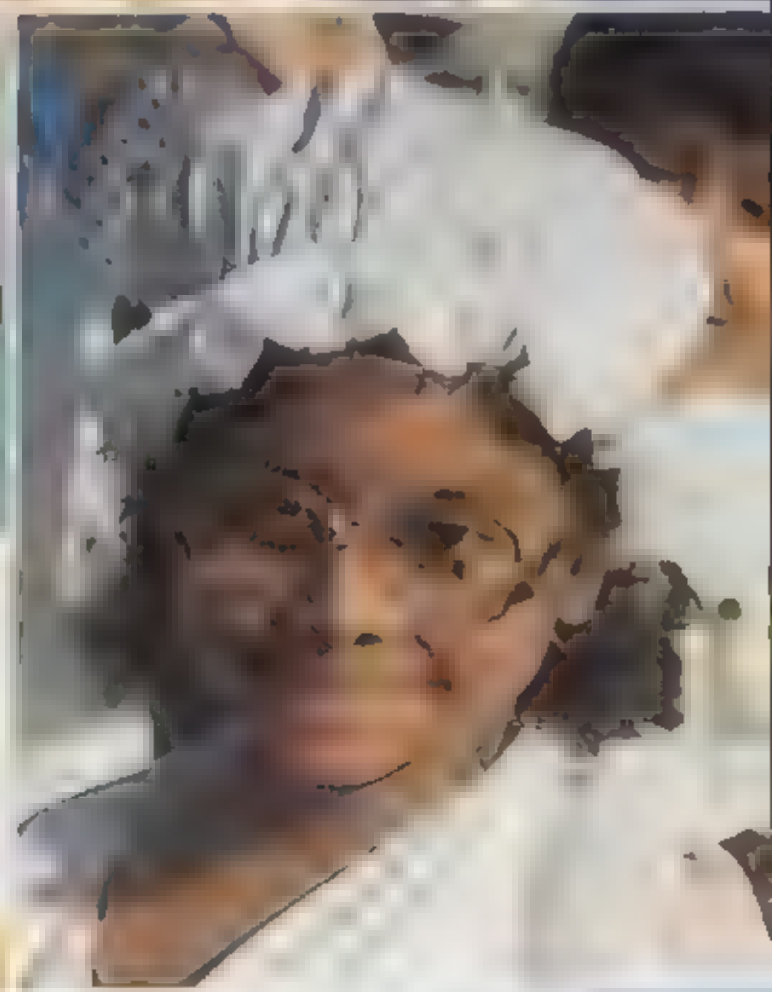

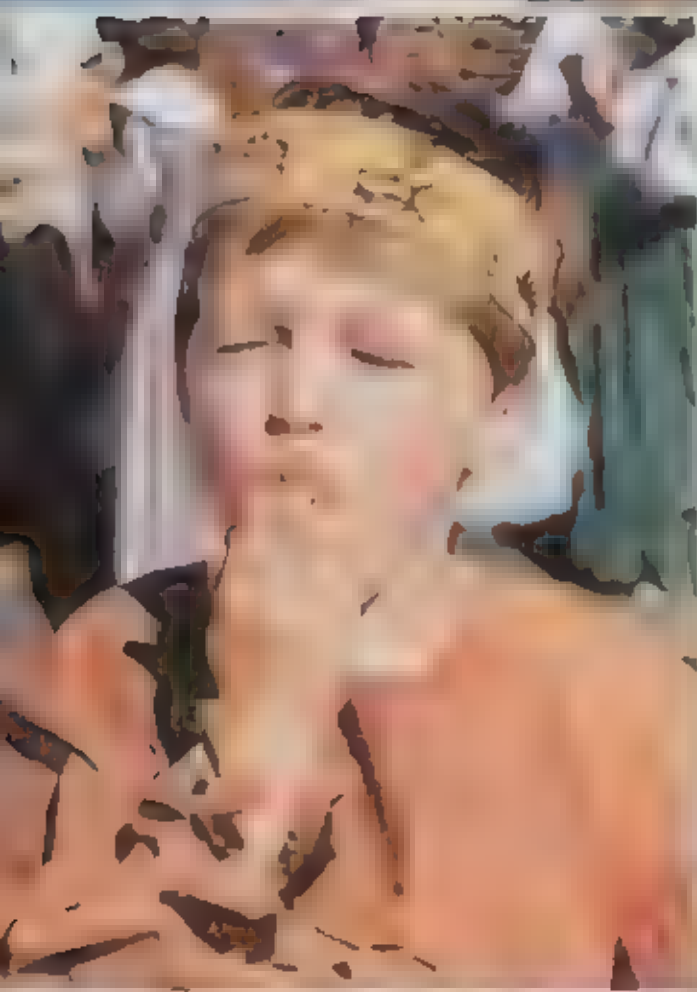

**Time. 7. a precise instant, second, minute, hour, day, week, month, or year determined by clock or calendar**

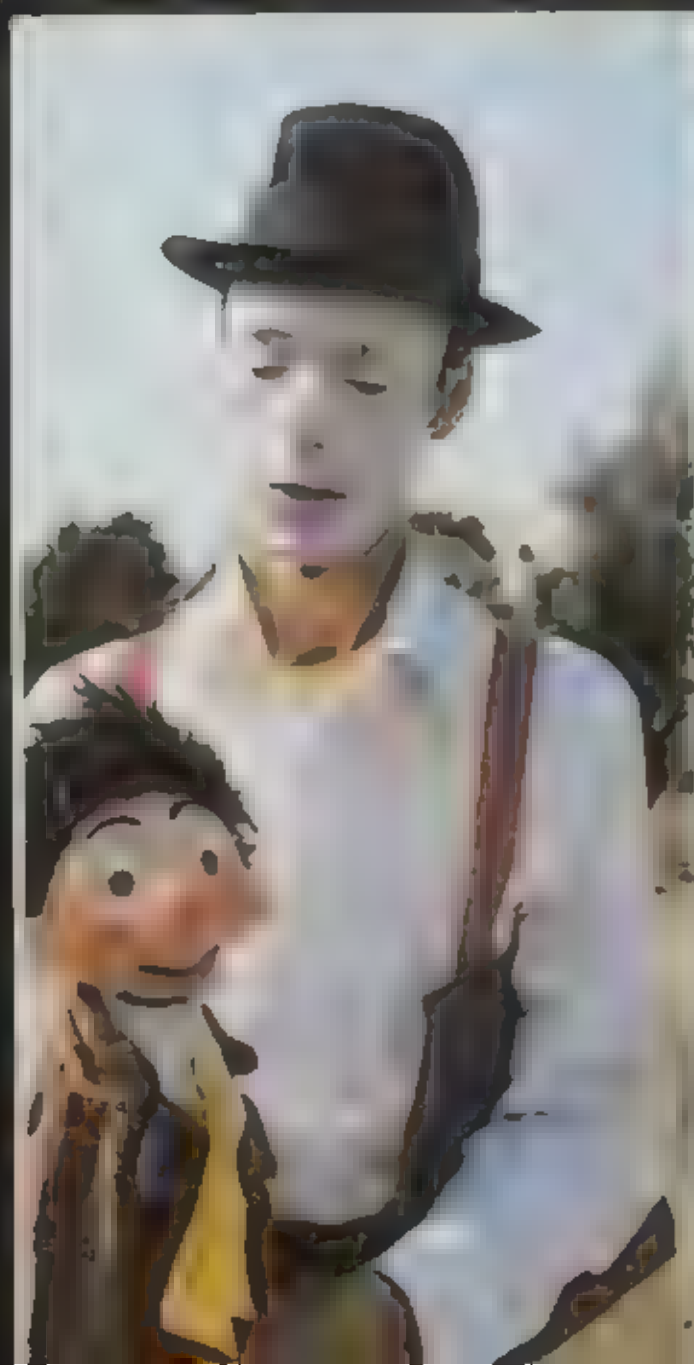

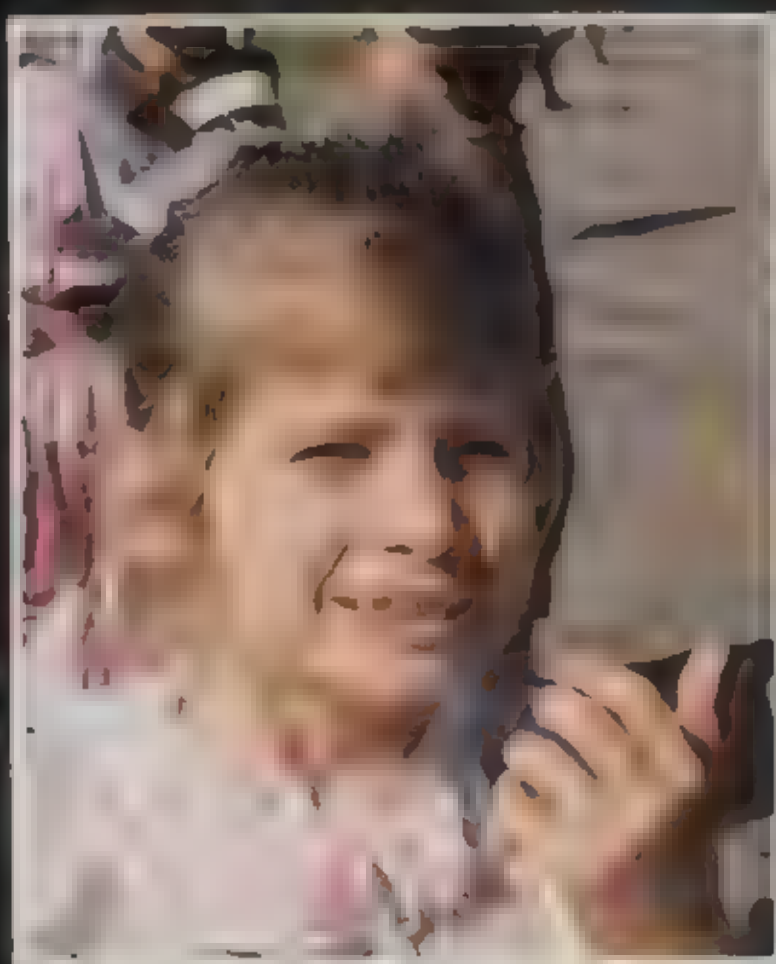

**Teachers at Faith Baptist Schools strive to teach students the good character habits of diligence, obedience, and kindness, as well as other principles of Christian living. When the students make these principles part of their daily lives, they are able to achieve success in academics and personal relationships creating "The Best of Times" in their lives.**

**Time. 8 for it is time to seek the  
Lord Hosea 10:12**

Book reports are an important part in developing the students reading and writing skills. The sixth grade students must read two classics and a Christian biography. A three-page book report is then written by each student. The book reports include a title page, a main character page, and a synopsis.

Not Pictured: Jimmy Yong

## SIXTH GRADE

The *McGuffey Reader* provides a challenging experience for the sixth graders. The reading includes selections from Shakespeare, Dickens, Bryant, Irving and Jefferson. Students also learn such literary terms as alliteration, allusion, metaphor, simile, and personification. Oral reading is also stressed with emphasis on smoothness and expression.

Faith Baptist Schools believe that it is as important to teach a child how to live as how to make a living. For this reason, students read and study *Things I Have Learned* by Dr. Bob Jones, Sr., founder of Bob Jones University. The Bible program also includes the study of the books of *Daniel*, *Acts*, *Ephesians*, *Philippians*, *Colossians*, and I, II, and III *John*. Weekly memory verses are also included.

## SIXTH GRADE

Mr. Neely

The accelerated curriculum in English grammar includes capitalization, punctuation, types of sentences, the parts of speech and parts of the sentence such as predicate nominatives, appositives, direct objects, and prepositions. Students learn to diagram all the parts of speech. Sixth graders also work on a term paper on the nation of Israel. This includes writing bibliography cards, note cards, writing footnotes, and assembling materials in the correct form.

# SIXTH GRADE

Mrs. Willard

America was founded on Biblical principles. The early days were a struggle for freedom, especially the freedom to live by these principles. The price of this freedom is eternal vigilance. Sixth graders learn this and other facts about the Christian history of our nation. They study the seven principles upon which America was founded. These include self government, individuality, character and conscience. They learn how our forefathers left their homelands and came to the New World to establish a free government; they become aware of why God reserved America for the pilgrims.

Work in the area of speech includes special speeches in class as well as recitations and reports. Each year the school has a speech contest in which each student takes part. Students learn how to communicate ideas through poise, eye contact, and good expression.

## FIFTH GRADE

Mrs. Beck

The fifth grade students are taught in history how God guided in the forming of America. They learn about great men and women and how their deeds and character played an important part in America's past. They learn how the government was formed and God's part in the formation. They study how the government of England was used as a pattern for the government of America. Students also compare the first two American Colonies - Jamestown, Virginia, and Plymouth, Massachusetts.

## FIFTH GRADE

Miss Heath

Skill in spelling is highly emphasized at Faith Baptist Schools. Phonics rules act as a guide in spelling the words. Students readily learn as many as 120 words each week.

Work in penmanship is also an important part of the curriculum. Slant and size of letters is emphasized as well as neatness. The book reports, state reports, and even the daily writing of Bible verses are required to be properly written.

The ability to speak with confidence before an audience is a valuable skill in our modern society. A variety of memorized and recited work is included in the speech program. This involves reports on Colonial Day and an oral presentation of a science project. There is also an annual speech contest in which each student takes part. Students are graded on projection, posture, expression, eye contact and memorization.

## FIFTH GRADE

Mr. Reid

The study of the book of Proverbs is an important part of the fifth grade curriculum. The Lord gives principles to live by that are only found in the Scriptures. The wisdom that can be gained from this study can be beneficial to these students for the rest of their lives. Also included in the Bible program is a study of doctrine. Students memorize a Scripture verse each week.

Fifth grade work in history includes studying Christian history - that is, learning how God led His people in the past. The work also involves reports. The Colonial Day report is written and then given orally before the class. Each student chooses a colonial person, studies and writes about him, and then dresses in the types of clothes that he would have worn.

The science curriculum includes weather, energy, plants, geology, animals, and the human body. Each student must do a science project in the spring. He has a choice of the systems of the human body or the universe.

## FOURTH GRADE

Miss Dexter

One of the challenges in the fourth grade is learning how to write book reports. Students are required to do three book reports a year. Two must come from a required list and the third may be of the student's choice with the teacher's approval. The report must contain a title page, a description of the main characters, and a synopsis of the book itself. As in all their work, students are expected to use their best penmanship as well as describe the events of the book in an organized fashion.

Learning to use the dictionary correctly is of vital importance. These students do exercises in practicing this skill. They must learn to find words quickly, recognize the part of speech given for each word, be able to read the pronunciation guide, and determine its syllabication.

## FOURTH GRADE

Miss Love

Fourth grade students review the parts of speech in English grammar. These include more difficult work in recognizing subjects, verbs, adjectives, adverbs, and the other parts of speech. Diagramming sentences is taught, helping the students in recognizing word functions. Students also learn the correct form for a friendly letter and a business letter.

Work in history includes the study of famous Colonial leaders through a Colonial Day report that is researched and presented orally before the class. The beginning of California's history is incorporated in the work on the California Report. Basic geography of the world is covered with detail given to North America's geography.

## THIRD GRADE

Mrs. Hampson

Because the fundamentals of arithmetic are so important to success in working with numbers, students learn early the basic facts. These students learn the multiplication tables to 12 and begin multiplying with 2-digit numbers. They learn long division with remainders, adding and subtracting fractions, Roman numerals, telling time, and averaging. In addition, students learn measures, working with money, reading graphs, and doing story problems. Everyday they do a 100-problem timed-test and take an arithmetic test every Friday.

# THIRD GRADE

## CURRICUL

Mrs. Jensen

In the third grade students learn about the world that God has given to mankind. Through lessons in science, history and geography, students study early civilizations, the settling and westward expansion of America. The geography lessons teach about the continents and oceans. In addition, third graders learn the capitals and important physical features of the fifty states. Simple experiments in science help students to understand the senses, as well as weather, plant, and animal life.

## THIRD GRADE

Mrs. Stout

The Bible curriculum in the elementary school is varied and interesting as well as firm in its teachings of good character. Not only do students learn to praise the Lord through the learning of hymns, but they memorize Bible verses which are presented before the class. Third graders also learn the books of the Bible, answer doctrinal questions, and study the gospel of John in depth.

## SECOND GRADE

MEASURING OUR PROGRESS

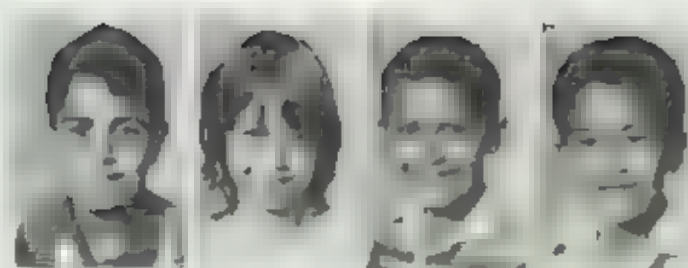

Mrs. Larson

The Bible curriculum in the elementary school is varied and challenging. Not only is it interesting, but it is firm in its teachings of good character. Students in the second grade learn from such Biblical heroes such as Moses, Joshua, Samson, Elijah, Elisha, Daniel, and Peter. The study includes the resurrection of Christ, some parables, and the story of a woman who loved God, Esther. Once a week students receive a special message from the Word of God.

Faith Baptist Schools teaches English grammar at an early age. Students learn capitalization rules and punctuation at the ends of sentences. Parts of speech such as nouns, verbs, and adjectives are also included in the curriculum.

Work in composition includes learning how to write a sentence. After working on subjects, verbs, and placement of adjectives, the students begin to write short paragraphs. Second graders also learn the parts of a friendly letter.

## SECOND GRADE

Mr. Packer

Second graders benefit from the special additions to the curriculum such as the study of science and geography. This work includes units on healthy eating and personal hygiene, the wild life of plants and animals, and a look at clouds and weather as well as forms of energy. Their study of geography encompasses learning about the individual states. Students study maps of the United States and learn compass directions. Also included are oceans, continents, and outstanding characteristics of the continents of the worlds. Finally, and very important, is the study of creation. Students learn the biblical and scientifically sound fact that God created the world.

Because students learn to read phonetically at an early age at Faith Baptist Schools, many are able to read difficult material. The study of phonics takes in vowels, consonant sounds, blends digraphs. Then work is done on increasing speed and improving comprehension. Second grade work also includes learning suffixes, prefixes, beginning and ending sounds, as well as learning contractions.

Work in spelling is done with the aid of a spelling book that Faith Baptist has developed. Each week students learn 80 words applying phonics rules as they learn. After learning the rules in the book, the students take a pre-test and finally are tested on the new words.

# FIRST GRADE

Mrs. Greer

One of the most important part of a child's education is the study of the Word of God. The principles learned in the Bible give a solid basis for relationships, ethics, and morals in a day of immoral living. However, most important to the child is the plan of salvation. Students at Faith Baptist learn that Christ died and shed His blood that those who repent and believe might receive everlasting life. Through the study of the Wordless Book and the life of Christ, children learn how to have eternal life. Each week students learn a Bible verse and are required to recite it my memory before the class.

## FIRST GRADE

his is the day  
which I had  
had

Miss Keeney

The study of phonics is of fundamental importance in learning how to spell successfully. The study takes in vowel sounds, consonant sounds, and blends as well as diagraphs. Students learn to apply phonetic spelling rules. The school has produced and printed a complete spelling curriculum from kindergarten through sixth grade. The first grader's book is composed of 27 lessons, each containing a minimum of 38 words and a maximum of 71. There are printed phonetic rules pertinent to the various principles taught. Sight words are also included in the lessons. Because of the method used, many children learn to spell quickly and confidently.

# FIRST GRADE

Mrs. Bershaw

Meeting together in reading groups gives the teacher an opportunity to hear each student read and to help more individually. The teacher helps each student to improve in the areas of comprehension, expression, and fluency. With the use of their phonics rules and drill on sight words, students are encouraged to read at home each night.

The first grade arithmetic program includes the learning of subtraction and addition facts to 18. Carrying and borrowing are taught as well as the multiplication facts to 7. This curriculum has been especially developed by Faith Baptist Schools.

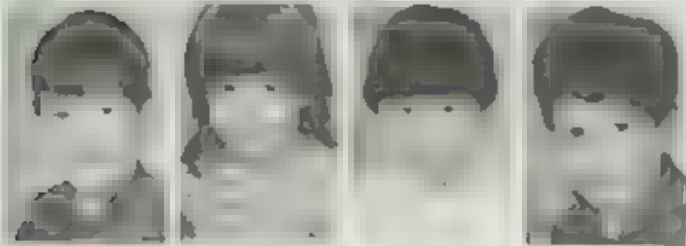

Story problems, liquid and dry measurements, and the place value system are also an integral part of the curriculum. The children love the beautifully printed pages and the amusing caricatures.

All arithmetic classwork, homework, and tests are meticulously prepared. The arithmetic curriculum consists of four beautifully illustrated and printed books with approximately 1028 pages.

The arithmetic curriculum builds on the four-year-old program encompassing such concepts as addition and subtraction facts through 10 and adding columns of 3 numbers. Students are given timed arithmetic tests of 48 facts.

Kindergarten children meet little characters such as "Timmy Time" who introduces the concept of the hour and the half hour.

The Kindergarten program at Faith Baptist helps make it possible for students to become very proficient in the area of reading, spelling, and phonics. By the end of the year, over three fourths of the classes will be reading from a second grade book. The phonic instruction enables the children to learn to spell over 240 words.

The fundamentals of reading are taught at an early age at Faith Baptist. Students learn the vowels and consonant sounds. Each letter is individually taught so that the students are able to sound out one-syllable words. Also included in the curriculum are arithmetic, spelling, and manuscript writing. The memorization of Bible verses and stories from the Word of God round out the education.

Although these students are very young, they are capable of learning a great deal. They learn to write the numbers 1-100, to count orally to 50, and to recognize written numbers. Basic addition facts are also taught. The study of phonics includes the long and short vowels, and all consonants. They also spell and write words with short vowels. Manuscript writing includes the first and last name, the alphabet, and Bible verses.

The instruction of correct penmanship begins very early at Faith Baptist Schools. Children are taught to form letters correctly and neatly. Special penmanship books have been developed and printed here at Faith Baptist. These books give explicit directions in the formation of each letter. Pictures of various small animals are used to introduce the words. The instruction helps the children to progress to sentence and paragraph writing.

# COLONIAL DAY

One of the most colorful days on campus at Faith Baptist Schools is the annual elementary school Colonial Day. At a time of year when most of American society wears costumes associated with Halloween, youngsters here are wearing the clothes that reflected a society that honored God and used the Bible as a guide. Students come to school dressed as Colonists, early American Indians, and early settlers to America. They choose a person in history that they wish to represent, write a report about that person, and give a recitation before the class. It is a time of special fun including a special lunch and class activities.

Thank You Faith Baptist  
Class of 1987

In appreciation to the staff and teachers of Faith Baptist Schools for their sacrifice and dedication through the years to the Lord's work. We have seen your love and concern for our children—Joe, Bruce and Laura Benyo—and now for our grandchildren—Crissy and Joey.

Thank You,  
May God richly  
bless you  
The Ray Benyo  
Family

Paul and Laura  
Bender  
-wed April 7, 1987

"So shall my word be that goeth forth out of my mouth: it shall not return unto me void, but it shall accomplish that which I please, and it shall prosper in the thing whereto I sent it."

Isaiah 55:11

# Thank You

to the fine teachers of our children

Mrs. Cavin

Mrs. Fizz

Who can find a virtuous woman?  
She openeth her mouth with wisdom,  
and in her tongue is the law of kindness

Proverbs 31:10, 26

We appreciate all your time, concern, efforts and affection.

May God richly bless you for your investment in our family.

Very sincerely, Joe & Crystal Benyo

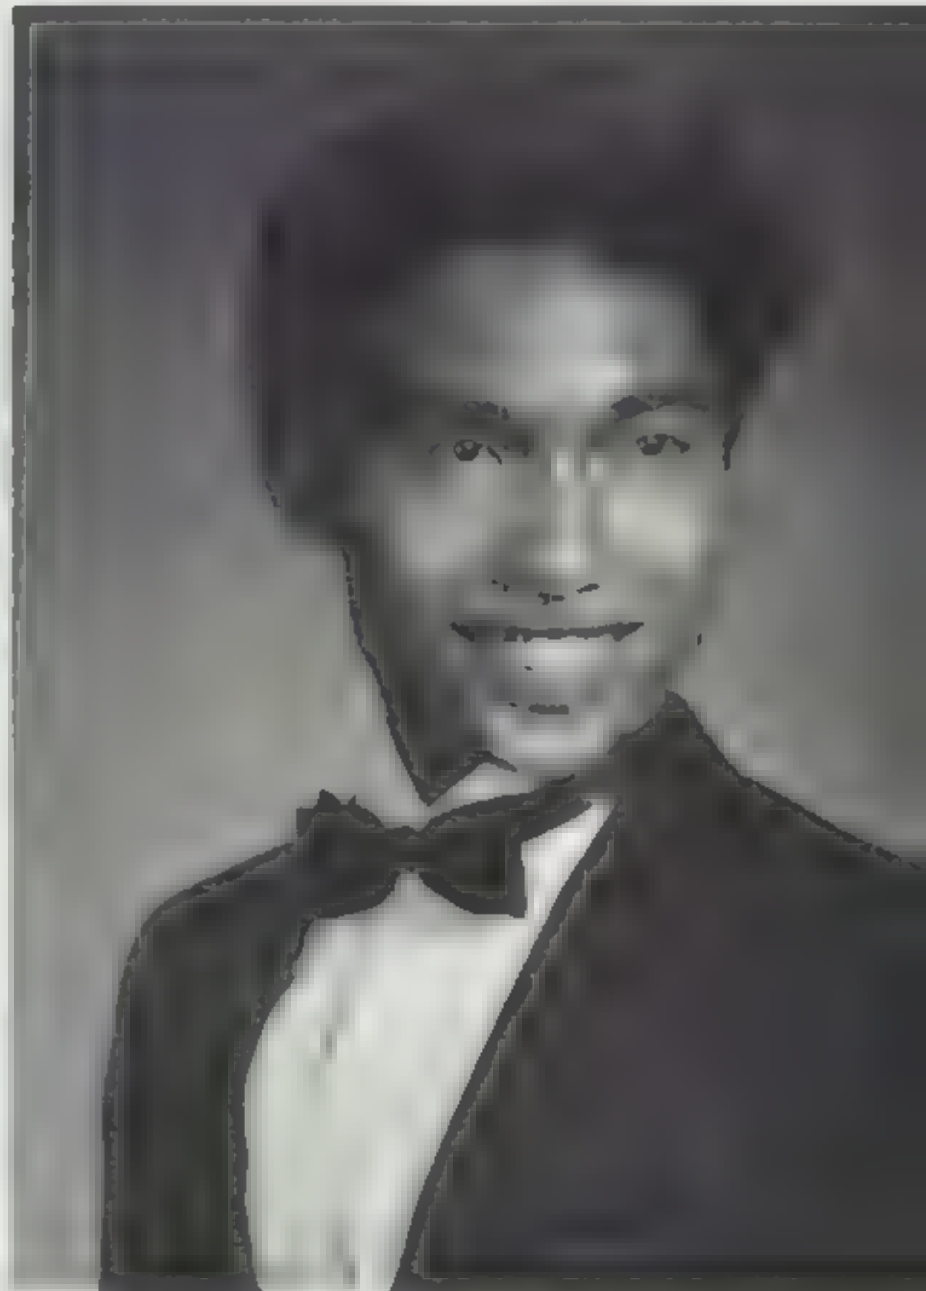

Congratulations on your graduation!  
We are all so proud of you. Thank  
you for your love and support.

With love,  
Mom

To all of Jose Carlos's  
teachers from first grade to  
senior year- I would like to  
express my sincere  
"Thank you". His being  
what he is today would not  
be possible without your  
Christian teachings and  
your love.

Mrs. Gonzales

Jose Carlos Gonzales

Congratulations to the Class of 1987  
from the Class of 1989

Strolee of California, a premier company in the juvenile product industry, is proud to introduce the Special Edition Convertible stroller.

The safety and comfort of your child is important so we designed an extra large frame, large balloon tires and double rear brakes. Comfort and convenience is important to you so the Special Edition has an adjustable handle, a washable and reversible thick padded insert and the handle adjusts to various heights.

Look for our whole line of juvenile products available from Strolee of California.

'97 Heavy

Dear Maki,  
It's been great  
knowing you. You are  
one of a kind person.  
God has something special  
planned for your life. I'm gonna  
miss your humor. Well, anyways,  
have a rad summer & K.I.T. (887-1632)  
Friends, Momah

Dear Maki,  
hey baby, I'm so  
happy. Glad we became  
friends - you're not a sweetheart!  
You have really brightened up our  
class a lot w/ your smile & your sense of  
humor. Thank you for all the future-  
keep God & I. (949-0543) Take care  
Friends Forever...  
Class of 2012  
Love ya,  
Jill

Dear Mima -

Can't believe we're  
out of school! It's  
been so much fun!  
I'll miss your sweet  
spirit + "scent"! Take  
Care + Keep - Touch! P.S.  
It's been fun being your  
secret sis!

716-0368

I

Love Ya

as

Cheryl Holmberg

Thank you for being my  
friend...
